Chairperson Fabbri addressed the need to have some sort of way to communicate with the downtown businesses during the Houghton Ave. road reconstruction. It was the consensus of the Board to have the City look into creating a Facebook page that all updates and announcements could be posted to so the local businesses have one spot to go and get information.

Chairperson Fabbri also discussed the issue with the outlets of the current light poles not always working during special events downtown. It was noted the reconstruction project does call for plugs to be installed in all of the new light poles with a permanent power supply.

Chairperson Fabbri also reminded everyone of the upcoming Classy Chassis car show and Jeep Jam events.

Secretary/Manager Dantzer updated the Board that he had received some concern with allowing food trucks downtown during special events because they could hurt the brick and mortar businesses. The Board was not in favor of eliminating all food trucks downtown but were in favor of looking into switching the application process to require special event sponsors to note if they are planning on having food trucks as part of their event so the City could have some more control over them.

Secretary/Manager Dantzer also noted he would like to have a representative from the DDA serve on the City sesquicentennial subcommittee to help plan the event scheduled for 2025. Member Rabidue noted she would be willing to serve on the subcommittee.

The Treasures report was submitted.

Chairperson Fabbri noted the reason for the special meeting was to hold the first of the two 2023 required informational meetings as required by the DDA Act.

She noted the projects worked on during the first part of 2023 and the main areas of focus for the remainder of the 2023 calendar year would be as follows:

- 1. Development of the Gathering Place.
  - The DDA was not able to proceed with the project in 2022 as grant funds were not available.
     The board submitted grants for the DNR Michigan Spark Grant and the MEDC Public Spaces
     Grant program in the spring of 2023 and will continue to monitor for additional funding sources.
- 2. Work with City Council on the Houghton Ave redesign project.
  - The Board worked on funding options for the streetscape project. The notice for bids was released in June by MDOT and will be closed at the end of July. Once the bid is awarded, the Board will review the portion of the project they are responsible for and finalize funding.
- 3. Continue the downtown flower and snow removal projects.
  - The Board again sponsored the flowers with the flowers being completed in May. They will again sponsor the snow removal from the downtown during the winter.
- 4. Work on seasonal themed banners.
  - No banners were decided upon during 2022 but we will continue to discuss optional themed banners that would be instituted after the road reconstruction and streetscape is completed in 2024.

No one from the public was in attendance to speak on the report.

Chairperson Fabbri adjourned the meeting at 12:010 pm.
