#### Independent Auditors' Report

Members of the City Council City of West Branch Ogemaw County, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of West Branch, Ogemaw County, Michigan, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the index.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of West Branch, Ogemaw County, Michigan, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter**

As discussed in Note 2 to the financial statements, the City of West Branch has implemented GASB Statement No. 84, "Fiduciary Activities", as of June 30, 2020. Our opinion is not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required pension schedules, and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of West Branch's basic financial statements. The combining nonmajor and West Branch DDA - component unit fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor and West Branch DDA - component unit fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor and West Branch DDA - component unit fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### NOTES TO FINANCIAL STATEMENTS For the Year Ended June 30, 2020

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of West Branch (City) conform to accounting principles generally accepted in the United States of America (GAAP) applicable to governments. The following is a summary of the significant accounting policies:

#### A. Description of City Operations and Fund Types

The City of West Branch operates under an elected City Council with a City Manager overseeing daily operations. The City provides services to its residents in many areas including fire protection, law enforcement, community enrichment and human services.

#### B. Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements of the City are not misleading. The primary government of the City consists of all funds, departments, boards, and agencies that are not legally separate from the City.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to impose its will on that organization; or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

In addition, the primary government is also financially accountable if an organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

#### 1. Discretely Presented Component Unit

The component unit column on the combined financial statements includes the financial data of the City's component unit. It is reported in a separate column to emphasize that it is legally separate from the City.

The West Branch DDA is reported in a separate column to emphasize that it is legally separate from the City. The governing body of this unit is appointed by the City Council. The DDA was established to eliminate the causes of property value deterioration and promote economic growth in the business district of the City of West Branch. Complete financial statements are presented as part of Other Supplementary Information and are not audited separately.

While the following organizations had positive responses to some of the above criteria, each is excluded from the accompanying financial statements for the reasons specified:

- West Branch District Library The City Council appoints one of the five board members, but the Library is otherwise independently operated and financed.
- Ogemaw County Emergency Medical Services Authority The City Council appoints one of the five board members, but the EMS Authority Board is otherwise independently operated and financed.

#### NOTES TO FINANCIAL STATEMENTS For the Year Ended June 30, 2020

#### NOTE 7 - PROPERTY TAXES

Property taxes for the primary government include amounts levied against all real property and tangible personal property located in the City. Properties are assessed as of December 31 and the related property taxes become a lien on June 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the County tax rolls. For the current year, the taxable value for properties located within the City was \$67,014,681. The 2019 tax rates were 14.5460 mills for operations and 2.9105 mills for garbage collection.

Property taxes for the Downtown Development Authority include amounts levied against all real property and tangible personal property subject to recapture located within the Downtown Development District. Properties are assessed as of December 31 and the related property taxes become a lien on June 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the County tax rolls. For the current year, the taxable value for properties located within the DDA was \$7,272,941. The 2019 tax rate was 1.9573 mills for DDA operations.

#### NOTE 8 - OPERATING TRANSFERS

During the year ended June 30, 2020, the following transfers were made:

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### NOTE 9 - EXCESS OF EXPENDITURES OVER APPROPRIATION IN BUDGETARY FUNDS

P.A. 621 of 1978, Section 18(1), as amended, provides that a local unit shall not incur expenditures in excess of the amount appropriated.

In the body of the financial statements, the City's actual expenditures and budgeted expenditures for the budgetary funds have been shown on an activity basis. The approved budgets of the City for these budgetary funds were adopted at the line item level.
