December 2, 2019	Public Hearing
December 2, 2019	Regular Council Meeting

Mayor Banks presented a proclamation to Dr. Scandrett and the Literacy Team with the Lamar County School System designating January 2020 as Literacy Month in the City of Barnesville.

Mayor Banks recognized Mr. Eddie Felton, Chairman of Lamar on the Move. Mr. Felton presented to the Council for the minority communities a street clean up and maintenance list and a trash can replacement list for 23 locations. On his list, Mr. Felton requested the removal of abandoned vehicles, requested tree trimming, asked why Ward 2 and Ward 3 Councilmembers can't meet with their constituents quarterly to discuss their concerns, and asked what are the City's plans to improve the living conditions of the people in the minority communities. Also on his list, Mr. Felton stated "Mill Street is one of the main thoroughfares into the City and it is one of the most unappealing. We can do better to represent our City" and that they want to work with the City on other problems that have been identified.

Mayor Banks explained there is a process to removing abandoned vehicles that we have to follow. He stated he disagreed with Mr. Felton and Mill Street is not the most unappealing street in our City. Mayor Banks stated the City picks up and cleans up every week and he suggested Mr. Felton can help organize a clean up with the citizens if he wishes. Mayor Banks stated the Councilmembers in Ward 2 and Ward 3 do a good job to address citizen concerns in their wards and here was not the place to criticize them. Mayor Banks noted Mr. Felton can call the Councilmembers, the City Manager, or him to discuss his concerns privately, but he is still welcome to come to the Council meetings.

Mr. Felton stated he was not here to criticize Ward 2 and Ward 3 Councilmembers, but to ask the question why can't they have a quarterly meeting where people can come to discuss their concerns because people are coming to Lamar on the Move meetings with concerns that should be directed to the Council.

Councilmember Hightower as Councilmember of Ward 2 thanked Mr. Felton and other members of his organization for coming to tonight's meeting and other Council meetings in the past and he asked that he continue to come to City meetings. He also asked Mr. Felton to invite the people to come to the Council meetings when they come to his meetings. Councilmember Hightower stated he had already mentioned at the Council Retreat and other meetings last year about holding a Town Hall Meeting and he's looking forward to a Spring or Fall meeting for Ward 2 and asked that he please express at his meeting, all are welcome to come to City meetings to express their concerns. Councilmember Hightower thanked Mr. Felton for his concern about our wards and for his question.

Councilmember Shropshire stated as far as Ward 3 is concerned, the people know how to get in touch with him and he gets calls all the time and addresses those concerns. Councilmember Shropshire stated he's attended Lamar on the Move meetings and it seemed no one wanted to hear about what the City has accomplished and is doing, but what the City hasn't done. He further stated he would be glad to hear what Mr. Felton has to say to make Ward 3 better and he has tried and will continue to address any issues that are brought to his attention.

Mr. Felton stated again he was not here to criticize anyone, but he was here to point out specific things that have happened over a period of time in the minority communities from Mill Street going east. Mr. Felton addressed Mayor Banks and stated there are certain parts of Mill Street that are unappealing and the community can look a lot better and the City needs to try to contribute something to the cause because he feels what's being done on one side of the track is not being done on the other. Councilmember Shropshire suggested as has been done in the past, Mr. Felton organize a clean up where the community can pitch in and help out.

Mr. Felton complained about the incomplete tree trimming on Mill Street. City Manager Rose reported this has already been scheduled to be done. Councilmember Shropshire added some people want the trees to stay as they are, but as for the ones that have been cut, the people came to him and they were trimmed.

Mr. Felton complained about the trash cans needing to be replaced. City Manager Rose noted that work orders have been made for the list that had been previously provided and he's further instructed Assistant City Manager Turner to compare the two lists to make sure all have been repaired.

Mr. Felton concluded he's coming as a citizen before the Council and speaking for the people who don't want to come or are afraid to. Mr. Felton asked if there were any questions for him. Mayor Pro Tem Whitworth asked when does Lamar on the Move meet. Mr. Felton replied the 3rd Thursday of the month at 7:00 p.m. at the E.P. Roberts Center and the reason for their meeting is to let the citizens know what the City is doing and how the City goes about doing things. Councilmember Claxton asked Mr. Felton if the people who needed trash cans didn't know to call City Hall. Mr. Felton replied they said they have already called and nothing has been done. Mr. Felton thanked the Council and Mayor Banks stated he was welcome anytime.

On motion by Councilmember Shropshire and seconded by Councilmember McDaniel, Council unanimously approved the following 2020 City of Barnesville Appointments.

- 1) Senior Judge – Rob Morton

Mayor Pro Tem McDaniel commented on the condition of the trash cans and stated it's not just a Ward 2 and Ward 3 problem, but it's a city wide problem. City Manager Rose noted there is a truck that goes around and repairs or replaces the damaged trash cans.

Councilmember Hightower thanked the City Manager and staff for all they do.

Councilmember Claxton commented that everything Mr. Felton has asked for has been done. Councilmember Claxton further stated trash and littering is an ongoing problem and that government can't do everything because of its limited resources, but if everybody helped out and did a little bit by stopping and picking things up as she does, it would not be a big problem.

Councilmember Shropshire commented that most of the complaints received regarding the trash cans and potholes from Mr. Felton have already been taken care of during the month. Councilmember Shropshire told Mr. Felton he is always welcome to come to the Council meetings.

Mayor Banks stated he always hears comments about what a beautiful, little City we have despite what some may say and even though we can't do everything, we try to do the best we can.

He reported the rates are such that the City will receive significant savings on those bonds. Mr. King also reported Standard and Poor's has confirmed an A rating on this bond issue as it did also for the 2011 Bonds and it has assigned a stable outlook to the credit rating. He noted this is not a small feat and this is a testament to the Council and staff being able to maintain the rating and achieve a strong financial performance in the midst of a pandemic. Mr. King reported the municipal bond underwriter that has been selected to purchase the City's bonds is Stephens, Inc., an investment banking firm. Mr. King introduced Mr. Bill Johnston with Stephens Inc. and turned the presentation over to him to discuss the pricing of the bonds.

Mayor Banks stated the City of Barnesville is considering applying to the Georgia Department of Community Affairs for a Community Development Block Grant (CDBG) of up to \$750,000.00. The purpose of the meeting was to obtain citizen input into the development of the application and to review progress on previous CDBG grants if applicable. Mayor Banks noted there was not any public present. Mayor Banks turned the meeting over to the grant writers for the proposed project.

Ms. Callie Smith and Ms. Hannah Smith of Allen-Smith Consulting stated they would be the ones developing the application for the City of Barnesville. They stated that due to the coronavirus pandemic, the application is moving online and they were not sure if April 1 will be the due date as usual. They informed the Council the CDBG application is a competitive process that is based on need where at least 80% of the target area must be of low to moderate income and all HUD regulations must be abided by. They identified the target area as Phase II of First Street, Washington Street, Jackson Street, and Jenkins Street. They further stated this phase will move to the middle of the same area of Phase I.

Councilmember Claxton asked what would be done in Phase II. Ms. Hannah Smith responded this project will also address the water and sewer infrastructure particularly water mains, sewer mains, and manholes to make sure there is clean water and adequate sewer. Ms. Smith further clarified for Councilmember Hightower that Phase II will be in the same area and the same things will be done as in Phase I. She reported no displacement will occur, the project is in compliance with the Comprehensive Plan and Service Delivery Strategy, no conflict of interest exists, and the project will abide by the Fair Housing and Title VI laws.
