

**In case you missed it, the following are highlights from the September 7, 2022, Cape Coral City Council meeting.**

### **Council Approves Agreement Between City and FDOT**

In an effort to improve safety for pedestrian traffic accessing Cape Coral High School and commercial destinations, City Council approved resolution 188-22, a Local Agency Program Agreement between the State of Florida Department of Transportation and the City of Cape Coral for the design of sidewalks on SW Santa Barbara Place from Nicholas Parkway to SW 20<sup>th</sup> Avenue. The City and FDOT would like to improve safety for pedestrian traffic accessing Cape Coral High School and commercial destinations.

### **Permitting Process Update**

A 60-day action plan was reviewed and reported to be on track to meet all 60-day action plan goals by the October 21, 2022 end date. The action plan includes a complete system upgrade from EnerGov version 2020 to the 2021 version with a goal of going “live” with the new version in early October. The system is expected to be down two days prior to the “go live” date, which is currently projected to be October 5.

### **Water Quality Update**

Toxin analysis results showed that blue-green algae toxins were not present as of last week at the following sites: Cat Cay Lake area, Everest Marine area, and Makai Canal.

Regarding bubble curtains, installation is complete in the Mandolin, Minstrel, Plato, Moody, and Lido canals; ongoing in Palaco Grande canal. The schedule is pending for the Chantrey and Coral Pointe canals.

### **Upcoming Public Meetings**

A Special Meeting of the Cape Coral City Council is scheduled for Thursday, September 8, 2022, at 5:05 p.m. in Council Chambers (1<sup>st</sup> Budget Hearing).

A Committee of the Whole Meeting is Scheduled for Wednesday, September 14, 2022, at 9:00 a.m. in Council Chambers.
