

INSPECTION SERVICE INFORMATION

General Inspection Information

- Inspections can be requested by using the EnerGov online system at the following website: <https://energovweb.capecoral.gov/EnerGovProd/selfservice#/home>
- Inspections can be scheduled up to 9:00pm EST the night prior.
- Requested inspections can be canceled through the system before 5:30 a.m. the morning of the inspection.
- After 5:30 a.m., you must contact the office directly for assistance at 239-573-3173 (7:30am-2:00pm, M-F).
- EnerGov also allows users to access permit information at all hours. To verify the status of your inspection on the scheduled day, please check status on Energov. Once an inspector name has been assigned, the inspection is active for that day. This will allow you to confirm the inspection if required or contact the inspector directly for an ETA
- Inspection tickets are assigned to an inspector by 7:00am.
- Once your inspection has been conducted, the result and comments will be entered and are viewable when logged into the EnerGov CSS portal.

Process for Inspections

The City of Cape Coral has spent considerable time, dollars, and resources in providing an efficient method to schedule and verify results of your inspections. We have two automated methods to schedule inspections:

1. For **limited service** using the automated phone system, to schedule inspections call 855-636-2824

Note: There is no method to leave a message or data for the inspector.

2. The **best method** is to use the web-based program EnerGov, accessible through the capecoral.gov website, or at the following direct link:

<https://energovweb.capecoral.gov/EnerGovProd/selfservice#/home>

EnerGov allows the user to input messages, phone numbers, and other inspection data available to the inspectors. **This is the most efficient way to request inspections.** Here is an example of a note input using EnerGov:

Contact name: John Doe

Phone: 239-123-4567

House is locked, please call for access.

INSPECTION CONTACT INFORMATION

Building Inspectors				
Title	First Name	Last Name	Phone	Email
Chief Building Inspector	Henry	Gerrero	239-357-4456	hgerrero@capecoral.gov
Sr. Building Inspector - Residential	Ves	Swift	239-707-3029	vsswift@capecoral.gov
