- b. Commercial     \$417.27

### **3. Routing:** Customer Billing Services, Well inspector, Site Development, Utilities and Zoning

*Any advisory comments provided by staff regarding an approval process or permit are conceptual only and subject to change based on detailed information provided with an application to the City of Cape Coral. Formal review may result in additional changes not noted prior to formal application. The final design or project construction must comply with the Land Use and Development Regulations, Engineering Design Standards, City Code of Ordinances, Comprehensive Plan and other applicable laws and regulations.*

For assistance please contact Development Services at [devservice@capecoral.net](mailto:devservice@capecoral.net) or (239) 573-3167.

**FULL DEMOLITION  
EROSION CONTROL LETTER**

**Contractor:** \_\_\_\_\_

**Permit #:** \_\_\_\_\_

**Site Address:** \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Erosion control silt fence will be installed around the entire site per [Engineering Design Standard-Sheets](#) M-6, M-7; M-8 and M-9. (The erosion control inspection must be scheduled before demolition is started).

Upon completion of demolition, the City Right of Way swale must be graded to drain and must be stabilized with sod. Refer to [City Land Use and Development Regulations, Section 5.2.12 D.4. or Section 5.2.13 B.](#) (The stormwater final will not be resulted as "passed" until this has been completed.)

The vacant lot or parcel will be stabilized by hydro seeding or seeding and mulch.
