

## INSPECTION SERVICE INFORMATION

### General Inspection Information

- Inspections can be requested by using the EnerGov online system at the following website: <https://energovweb.capecoral.gov/EnerGovProd/selfservice#/home>
- Inspections can be scheduled or canceled up to 9:00pm EST the night prior.
- Scheduled inspections can be canceled through the system before 5:30 a.m. the morning of the inspection.
- After 5:30 a.m., you must contact the office directly for assistance at 239-574-0554 (7:30am-2:00pm, M-F). While we can't guarantee same day requests, we work to achieve this objective.
- EnerGov also allows users to access permit information at all hours. To verify the status of your inspection on the scheduled day, please check status on Energov. Once an inspector name has been assigned, the inspection is active for that day. This will allow you to confirm the inspection if required.
- Inspection tickets are printed each morning and assigned to an inspector by 7:30am.
- Once your inspection has been conducted, the result and comments will be entered and are viewable when logged into the CSS portal.

### Contractor Process for Inspections

The City of Cape Coral has spent considerable time, dollars, and resources in providing an efficient method to schedule and verify results of your inspections. We have two automated methods to schedule inspections:

1. For Limited service using the automated phone system, to schedule inspections call 855-636-2824.  
-Note: This number works for permits created in EnerGov and there is no method to leave a message or data for the inspector.
2. The best method is to use the web-based program EnerGov, accessible through the capecoral.gov website, or at the following direct link:  
<https://energovweb.capecoral.gov/EnerGovProd/selfservice#/home>

EnerGov allows the contractor to input messages, phone numbers, and other inspection data which will print on the inspection ticket and are made available to the inspectors. This is the most efficient way to schedule inspections.

Here is an example of a contractor note input using EnerGov:

Contact name: John Doe  
Phone: 239-123-4567  
House is locked, please call for access.

## PERMIT-RELATED CONTACT INFORMATION

### Building Division Inspectors

Title	First Name	Last Name	Phone	Email
Chief Building Inspector	Henry	Gerrero	239-357-4456	hgerrero@capecoral.gov
Sr. Building Inspector III - Residential	Ves	Swift	239-707-3029	vswift@capecoral.gov
Building Inspector III - Residential	Jason	Cross	239-634-8942	jcross@capecoral.gov
Building Inspector - Residential- Provisional	Louis	Polsinelli	239-707-7379	lpolsinelli@capecoral.gov
Building Inspector - Residential	Christopher	Gault	239-707-1313	cgault@capecoral.gov
Building Inspector - Residential - Provisional	Bob	Groth	239-896-7662	rgroth@capecoral.gov
Building Inspector- Residential- Provisional	Mike	Brannagan	239-896-8051	mbrannagan@capecoral.gov
Sr. Structural Building Inspector	Frank	Giuliano	239-707-3028	fgiuliano@capecoral.gov
Bldg Inspector I - Structural	Robert	Bolinger	239-839-3114	rbolinge@capecoral.gov
Building Inspector I - Structural	Kent	Liebegott	239-707-8756	kliebego@capecoral.gov
Building Inspector I - Structural	Brad	Moore	239-707-8760	bmoore@capecoral.gov
Building Inspector Structural - Provisional	Frank	Denardo	239-788-3268	fdenardo@capecoral.gov
Building Inspector I - Structural	David	Hartt	239-357-4992	dhartt@capecoral.gov
Sr. Building Inspector - Electrical	Robert	Oliver	239-707-3040	roliver@capecoral.gov
