

# **NOTICE TO INDUSTRY**

**EFFECTIVE September 24, 2022**

Beginning September 24, 2022, all Fence Permits, excluding Pool Barrier Fences, will no longer be reviewed by a Plans Examiner. In lieu of plan reviews, the Residential Fence/Gate – City Code Compliance Affidavit must be submitted with the permit application.

The Affidavit can be located in our permitting document center at:

[https://www.capecoral.gov/department/community\\_development/building\\_division/department/community\\_development/building\\_division/permitdocumentcenter.php](https://www.capecoral.gov/department/community_development/building_division/department/community_development/building_division/permitdocumentcenter.php)

As part of the City of Cape Coral's recent conversion to a new permitting system called EnerGov, all permitting activity and related correspondence will be handled using the new EnerGov Citizen Self Service portal (CSS). Please register and log in to the CSS Portal to apply for all future permits and to submit documents on existing permits.

You can access the EnerGov CSS portal at:

<https://energovweb.capecoral.gov/EnerGovProd/selfservice#/home>.

For more information regarding the EnerGov CSS portal, please visit our EnerGov Information Page at <http://www.capecoral.gov/energov>
