City officials are preparing to increase efforts to rid the city of junk or inoperative vehicles. Broken-down cars and trucks litter many properties in the city. Our department has started to change this with efforts involving patrol officers working with code officials. Property owners with broken-down vehicles on

their property will get a warning for junk vehicles that have been there for more than 30 days. They will have 24 hours to remove the vehicles. These vehicles are eyesores. They offer a place for vermin to nest and can hide illegal activities such as drug dealing. People complain that they make neighbor-

hoods look dreary and have an impact on whether or not a person decides to buy a property in our city and it brings down property values. Appearance plays an important role in selling homes, and speaks to how we as a community care about our city.
