 Position #4 Wendy Williams
 Position #5 Xante Wallace

High Water Bills? Sewer backups or concerns with high plumbing repair bills?

Fatbergs In The Sewer: Clogged sewer pipes may be the reason why: Grease causes over 70% of sewer backups and yours may be getting clogged and you don't know it, yet! The cleaning and removal of grease, fat and oil buildups are costly to remove and contribute to sewer clogs and backups that may be owners responsibility.

The ONLY items that should enter a sanitary sewer system are the three P's: pee, poop and paper! Wet wipes, hair, diapers, makeup pads and other personal care products will clog your system over time creating expensive plumbing bills for you. Nancy Sullins, MPH, LEED AP

Thanks to Constable Smith, his wife, Sharon & others for cooking the meal & serving our community on Juneteenth 2019. All of you are Awesome & appreciated!!

Summit on Improving the Outcomes of African American and Latinx Male Youth

On August 5-6, 2019, the Texas Juvenile Crime Prevention Center and the Minority Achievement Creativity and High Ability (MACH-III) Center at Prairie View A&M University will host a two-day, Summit on Improving the Outcomes of African American and Latinx Male Youth.

Attending the Summit will provide stakeholders with a forum to exchange ideas and best practices, learn about different processes for organizational development and sustainability, as well as to learn from leading educational researchers about the current trends and educational changes affecting African American and Latino young males.

The Summit will be held on the Prairie View A&M University main campus. The first day of the Summit will focus on learning about the various programs and community organizations participating in this event, as well as sharing best practices. The second day of the Summit will consist of capacity-building trainings focused on assessment and sustainability.

We welcome organizations that are working to improve African American and Latinx male youth outcomes to complete our program inventory at <http://bit.ly/2HySppb>. The registration fee is \$25.00. More information about and registration for the Summit can be found at <http://www.pvamu.edu/mach-iiicenter/programs-2/summit/>.

New Convenience Store & gas station, plus 500 student housing beds at former Frenchy's corner, Fall 2020!

ARTICLE 6.100 PROPERTY MAINTENANCE CODE: SUBSTANDARD BUILDING PROCESS; TALL WEEDS AND GRASS**Sec. 6.101 Code Adopted**

(a) The International Property Maintenance Code, 2015 edition, including appendix chapter A, as published by the International Code Council, is hereby adopted as if fully set out in this section, with the additions, insertions, deletions and changes prescribed in [Section 6.102](#), as the property maintenance code of the city and pursuant to chapters 214 and 54, of the Texas Local Government Code to provide the minimum standards for all structures within the corporate limits of the city, a copy of which is on file with the office of the city secretary.

(b) If a section of the International Property Maintenance Code conflicts with any other requirement of an adopted code or other city ordinance, the most restrictive section shall control.

(c) Any person, firm, corporation, or organization violating the terms of the property maintenance code shall be guilty of a misdemeanor and punished by a fine up to \$2,000.00. Each day that any violations of, or failure to comply with, this article is committed or permitted to continue shall constitute a separate and distinct offense under this section. This penalty shall be in addition to all other remedies available at law or equity.

(d) The property maintenance code hereby establishes the city's processes and standards for substandard building abatement, tall weed and grass abatement, and abatement of any other violation of this code which constitutes a danger to health, safety, and sanitation of the public.
