City of Prairie View to Host a Community Building Celebration

Prairie View, TX - The City of Prairie View's first responders invite residents to join them for a fun-filled Pre-National Night Out community event that will take place Thursday, September 21, 2017 from 6pm -9pm on the grounds of the Prairie View City Hall. Residents are invited to attend the event featuring neighborhood leaders and emergency personnel to share feedback with The City and to gain valuable knowledge on local health care, immunizations, church organizations, opportunities for senior citizens and more.

"There is immense power when a group of people with similar interests can get together to work toward the same goals," said Chief Anthony Solomon of the Prairie View Police Department.

The Prairie View Police and Fire Departments are proud of their long history of working in partnership with members of the community to host events like National Night Out that bring the community together.

"We are constantly striving to excel at our mission of delivering the highest quality of services and would like to hear from the residents of our community at this event on how we can continue to meet those needs. We value both their support and feedback," Solomon said.

To learn more about the Community Building Celebration and other local events, visit the City of Prairie View's website at www.prairieviewtexas.org.
