

KIM NGAN INVESTMENT PRODUCTION LTD., CO

December 20, 2019

LETTER OF INVITATION

To:

Mayor Hon. David Allen: City of Prairie View

Dean Dr. Gerard D'Souza: College of Agriculture & Human Sciences,
Prairie View A&M University

Dr. Aruna Weerasooriya: Research Leader in Plant Systems, Cooperative Agricultural Research
Center, College of Agriculture & Human Sciences,
Prairie View A&M University

Dear Sirs,

Further to the meetings we had with you in November to establish a new agricultural business in Prairie View, Texas, on behalf of the Kim Ngan Orchid JLC in Ho Chi Minh City Vietnam, I am sending this invitation to the Prairie View team to visit our operation in Vietnam and meet with the management and lawyers of the company. We prefer if you could plan your visit in early January, 2020 as we need to harvest our entire production for the Chinese New Year. Unfortunately, we won't be able to cover your travel and lodging expenses this time but we will look after your local transportation and meals.

On the project brief, we expect to spend about one million initially and will expand it with the progress of this project and this is a first type of a big scale agricultural project to be introduced and developed in the City of Prairie View as an expansion of our current operation in Vietnam. Annual income is expected to start from USD100,000. The project would combine commercial development together with floriculture business to the City and new educational and research programs to the College of Agriculture and Human Science in the Prairie View A&M University. We expect to open job opportunities to the limited resource farmers (especially unemployed women) and also to provide training/internships to the university students.

We guarantee that we will strictly comply with all applicable terms and conditions that will govern the relationship between us. If you have any questions regarding the travel plan or proposed partnership, please feel free to contact me at +84909635677 or email at ducdasha@kinvpro.com.vn

We look forward for a blossoming partnership with you.

Best regards,
