Section 100.2: PERMIT FEES

Any owner, authorized agent, or prime contractor who desires to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, energy conservation, mechanical or plumbing system, the installation of which is regulated by this Code, including the technical codes, or to cause any such work to be done, shall first make application to the Department of Planning and Development, and obtain the required building permit for the work being done after paying the required fees. No building or other structure shall be erected, moved, added to or structurally altered without a building permit issued by the Planning and Development Director or his or her designated Building Official. No building permit shall be issued for a building, structure or use that is not in conformance with the provisions of the City's Development Code.

All Building Permits will be assessed a review fee and the Certificate of Competition or Certificate of Occupancy fee when the permit is issued. Review fees for Land Disturbance Permits are due at time of submittal. A Certificate of Competition or Certificate of Occupancy is available for Land Disturbance and Miscellaneous/Other permits upon request and payment of applicable fees.

For the purpose of determining the permit types, the following words shall mean:

- **Renovation** is an update to an existing building or a return to a new condition (includes projects related to damage by fire or act of God).
- **Interior Finish** is an alteration or change to an existing building. This type of construction typically occurs when a homeowner finishes a basement or a tenant builds out commercial space.
- **Addition** is adding to an existing building and treated as new construction.
- **Accessory Structure** is a structure on the same lot with, and of a size and nature customarily incidental and subordinate to the principal structure (detached garages, sheds, playhouses, greenhouses, etc.).

Unless specifically addressed in Duluth Building Code (Duluth Municipal Code Chapter 5), the City of Duluth adopts the exemptions identified in Chapter 1 of each adopted Regulatory Code. Exemptions from permit requirements of this Code shall not be deemed to grant authorization for any work being done in any manner in violation of the provisions of this Code or any other laws or ordinances of the City of Duluth.

A Land Disturbance Permit shall be required for all land development activities unless the activity is exempt by way of the Duluth Unified Development Code. No disturbance of the land, including clearing, grubbing, or grading activities, shall commence or proceed except in accordance with the provisions of the Duluth Development Regulations.
