ADDENDUM #3
EXIT 298 SEWER – PHASE 2

PWP# EL-2022-365

JUNE 23, 2022

This addendum addresses additions, changes, and clarifications to the Contract Documents and Contract Drawings for the City of Elko, Exit 298 Sewer Phase 2 project.

CHANGES:

1. Bid Item number 12, Construct SDR 35 PVC Sewer has been added to the revised bid form attached hereto. This is to account for the 40' long stub going north from manhole 18 at station 70+41. Please use this revised bid form, dated 6/23/22 in place of the original bid form.
2. The units on the bid form for bid item 5, Asphalt Patching, were incorrectly shown as Square Feet, when it should have been Square Yards. The units have been corrected on the attached, revised bid form.
3. Asphalt patching quantities have changed. Initially the trench width was shown to be 4 feet wide. To accommodate benching and the 9 extra inches for asphalt and base beyond the edges of the trench as shown on the standard City detail, R-9.1, the revised trench width is 8 feet. This results in a revised asphalt patching quantity of 498 Square Yards, as shown on the revised bid form. Additional patching beyond the 8-foot width due to Contractor damage to asphalt beyond the saw-cut lines, or to facilitate ease of construction will be at the Contractor's expense.
4. Bid Item 3, Saw-cut Asphalt Pavement, has been slightly modified to reflect the revised trench width. The revised quantity of 1,130 LF is shown on the revised bid form.
5. Revised drawings with a signature date of 06/23/22 are attached hereto. Sheets 3 and 4 reflect the asphalt cutting and patching changes as discussed. Sheet 9 has been modified to add a call out for the 15" diameter sewer stub as discussed above. No other sheets have been changed.

CLARIFICATIONS:

1. The special construction required where the sewer main will cross the future water main at station 24+00 is incidental to the construction of the sewer. Associated costs, if any, should be included in bid item 7, Construct 12" Diameter SDR 35 Sewer.

Thank you for your interest in bidding this project.

Sincerely,

Bob Thibault

Bob Thibault, P.E., P.L.S.
