COMMENTS BY THE GENERAL PUBLIC

No Public Comments by the general public.

Pursuant to N.R.S. 241, this time is devoted to comments by the public, if any, and discussion of those comments. No action may be taken upon a matter raised under this item on the agenda until the matter itself has been specifically included on a successive agenda and identified as an item for possible action. **ACTION WILL NOT BE TAKEN.**

APPROVAL OF MINUTES

**** A motion was made by Bill Hance to approve the minutes from March 12, 2019, with a correction to the Committee title, In the Call to Order section, Committee title should read Storm Water Advisory Committee not Storm water Advisory Board. Approval of minutes was seconded by Bob Thibault.**

The motion passed unanimously. (5-0)

I. NEW BUSINESS

- A. Review, consideration and discuss ongoing interfacing items with the Nevada Department of Transportation, and matters related thereto. **DISCUSSION ITEM.**

Dennis Strickland requested that NDOT give attention to sweeping on Mountain City Highway Corridor. Jason Demaline, stated he will report this to the Maintenance Department at NDOT. Adeline reported that NDOT, Komatsu and the City have been working together to manage track-out issues maintained at the construction site. Jason mentioned that now that the weather is warming up this situation is resolving.

- B. Review City of Elko Stormwater Permit – A review of ongoing enforcement of the City of Elko’s MS4 Permit, and projects associated with the MS4 Permit, and matters related thereto. **DISCUSSION ITEM**

Adeline reported that this time of year people want to wash cars, and driveways, she reprimanded Maverick on Mountain City Highway regarding washing their driveway. She is watching and monitoring construction sites to ensure compliance. Sherwood Chiropractic was out washing sidewalks and she spoke with them about the issue.

Adeline mentioned that she would really appreciate any reports of potential misuse of water.

Adeline participated in the School Districts field trip to Lamoille this year. She had a booth set up, and she provided education to the youth regarding stormwater. From that experience she received a call from a parent who witnessed a spill of herbicide that was dumped into the City storm drains. She was able to discuss the matter with the person responsible for that spill.

Adeline is currently working on an NOV with a contractor, and she’ll report more on that in a future meeting.

Dennis reported that there was a small hydraulic oil spill that happened at the Mine Expo. It was cleaned up with floor-dry.

The Public Works Department is working on the Annual Street Sweeping schedule. Streets should be swept up to six times during the year.

Drop-inlet maintenance was recently performed and significant debris was removed and cleaned up by the City Public Works Department it was a substantial project, and it should be a great help .

II. SET NEXT MEETING DATE

September 10, 2109 - Tentatively

Adeline stated that NDEP would like to present information on the new Industrial Storm Water Permit, she doesn’t have a set date as of yet. Dennis said we can set the next meeting up tentatively for now, and possibly change our date depending on when NDEP can present.

COMMENTS BY THE GENERAL PUBLIC

There were no public comments.

ADJOURNMENT

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Dennis Strickland", written over a horizontal line.

Dennis Strickland
Chairperson,
Storm Water Advisory Committee (SWAC)
