RE: 2019 – Infrastructure Improvement Project

CONSTRUCTION ACTIVITY NOTICE (Project Progress)

Activity Type: Water Service Transfers

Scheduled to start Friday, June 21, 2019 (WEATHER PERMITTING)

Location: South Grant St (8th St to 9th St)

Dear Resident,

The contractor has scheduled the following activity: **Please note that this activity will affect your street and driveway access.**

Friday, June 21, 2019, the contractor will begin transferring water services on South Grant St. The contractor will notify each resident 20 minutes before the transfer. The contractor will use an outdoor spigot to flush the service line after the connection is made. Residents will need to bleed the air out of their interior plumbing by removing the faucet screens and running the water for a few minutes. Once the air is flushed from the faucet, you may then flush the toilets. **Do not flush any toilets until all the air is bled out of the faucets.** If you experience a loss in water pressure, please contact the Water Department (630-789-7053) to schedule a meter inspection.

Contractor's estimated completion date for the transfers: Thursday, June 27, 2019.

All street access will be prohibited for the day (7AM to 4PM). Please relocate your vehicles to the alternate parking locations (8th St or 9th St) prior to 7AM.

The Police Department has been notified of this alternate parking arrangement for daily and overnight periods.

Please contact the Village Engineering Department at 630-789-7029 or by email adiaz@villageofhinsdale.org with any questions or concerns. Thank you for your patience and cooperation.
