RE: 2019 – Infrastructure Improvement Project

CONSTRUCTION ACTIVITY NOTICE (Project Progress)

Activity Type: New Curb Installation

Scheduled for Thursday, July 11, 2019 (weather permitting)

Location: S Grant St (8th St to 9th St)

Dear Resident,

The contractor has scheduled the following activity: **Please note that this activity will affect your driveway access and ALL street parking on Grant St is prohibited.**

Thursday, July 11th: Contractor will remove all curb and driveway aprons.

Friday, July 12th: Contractor will install string line for curb machine controls.

Monday, July 15th: Contractor will pour the new curbs and replacement concrete aprons. Asphalt aprons will be paved at a later date. The new concrete will need 4-5 days to cure and gain strength before we can restore access for affected driveways. All driveway access will resume on **Monday, July 22nd**.

Residents are encouraged to relocate their vehicles the night of **Wednesday, July 10th** to alternate side streets to avoid conflicts with these activities. Please maintain a 30 foot clearance from all intersections. The Police Department has been notified of this alternate parking arrangement for daily and overnight periods.

The Village request that residents isolate and shut off their parkway sprinkler zones. The curb construction will likely damage these systems. Repairs will be made in late summer, as the parkways are being restored.

Please contact the Village Engineering Department at 630-789-7029 or by email adiaz@villageofhinsdale.org with any questions or concerns. Thank you for your patience and cooperation.
