

CONSTRUCTION NOTICE

Project Description

The Village's contractor will be performing sanitary sewer lining operations on **Oakwood Terrace (Birchwood Ave to south end)**. The sewer lining will be performed on **Wednesday, August 7th**.

Sewer lining is a trenchless process that allows for reconditioning of existing sewers without opening up the street or parkways. The process involves inserting a resin infused fabric liner (sock) into the sewer main via the man holes. The ends are sealed and high pressure steam is used to inflate the liner. The steam activates the resin and the fabric becomes rigid after a few hours of cure time.

Project Locations

- **Oakwood Terrace (Birchwood Ave to south end)**

Impacts to Residents

During the curing process, use of the sanitary sewer will be limited. Since the liner will be covering all service connections to the main, sewer flows from each home will be restricted during the day. We request that residents limit shower use and dishwasher/washing machine use during the day. Use of toilets will be allowed. Once the lining cures, cutting tools will be sent through the main to open up all the individual house service lines. Please note that this process also emits a chemical scent that is harmless. The sewer lining activity will take place from 7:00 AM to 5:00 PM. During the project activity, street parking will be prohibited for the day. Please consider these sewer restrictions as you plan your activities for Thursday and Friday.

Alternate Parking Locations

Continue using Birchwood Ave as the alternate parking location. Maintain a 30 foot clearance from the intersections. The Village's Police Department has been notified of this alternative parking arrangement for daily and overnight periods.

Questions

Please contact the Al Diaz, Assistant Village Engineer at 630-789-7029 or by email adiaz@villageofhinsdale.org with any questions or concerns. Thank you for your patience and cooperation.

Project updates will provided to residents on the Village website at http://www.villageofhinsdale.org/departments/public_services/accelerated_road_program.php
