

CONSTRUCTION NOTICE

Project Description

The Village's contractor, G&M Cement will begin spot curb repairs and pavement patching operations on **S Bruner** on **Wednesday, August 14th**. Damaged sections of curb will be removed from both sides of the street. Once the curbs repairs are complete, pavement patching will begin. **Please note that these activities will affect some driveway access and ALL street parking will be prohibited.** Residents are encouraged to use alternate parking locations (Monday through Friday) for daily and overnight parking.

Wednesday, August 14th: Contractor will remove damaged curbs and some driveway aprons.

Thursday, August 15th: Contractor will pour replacement curbs.

Thursday, August 15th through Saturday, August 16th: Contractor will prepare and pour the street patch over the new storm sewer. The new concrete requires 4-5 days to cure and gain strength before we can restore access for affected driveways.

Friday, August 22nd: Access to affected driveways will be restored.

Project Locations

- S Bruner (6th St to 7th St)

Impacts to Residents

The scheduled activities will take place from 7:00 AM to 5:00 PM. During the project activities, street parking will be prohibited. Residents are encouraged to relocate their vehicles the night of **Tuesday, August 13th** to alternate side streets to avoid conflicts with these activities. Please maintain a 30 foot clearance from all intersections. The Police Department has been notified of this alternate parking arrangement for daily and overnight periods. Maintain your garbage and recycling routines. Once the concrete has cured and gained strength, temporary driveway access will be restored to completed sides of the street (from 5:00 PM to 7:00 AM). Pavement milling and paving schedule to be determined.

The Village request that residents **identify, isolate, and shut off their parkway sprinkler heads/zones.** The curb construction will likely damage these systems. Repairs will be made in late summer, as the parkways are being restored.

Alternate Parking Locations

- S Bruner St (use 6th St or 7th St)

Questions

Please contact the Al Diaz, Assistant Village Engineer at 630-789-7029 or by email adiaz@villageofhinsdale.org with any questions or concerns. Thank you for your patience and cooperation.

Project updates will provided to residents on the Village website at http://www.villageofhinsdale.org/departments/public_services/accelerated_road_program.php
