44 45 46 47 48	th to	s. Jenna Edemayer, of Michael Abraham Architecture, provided a brief overview of e application seeking relief of 3.917' from the minimum Interior Side Yard setback construct a two-story addition to the home. The lot is one of the smallest in the 2 district, the property is part of the Historic Overlay District, and the project

Ta

- 1 received positive feedback from the HPC at the September meeting. Mr. McGinnis
- 2 stated the goals of the Overlay District are to provide incentives to encourage
- 3 property owners to preserve historic homes through renovation rather than
- demolition. Incentives include relaxed bulk zoning standards, permit fee waivers,
- expedited plan review, matching grant program, and a rebate on the local portion of
 the tax bill.
- 7

Mr. McGinnis clarified the zoning relief sought in the application is for relief from the
 Overlay District regulations, not the bulk zoning regulations. Brief discussion
 followed about the impact of zoning relief granted by the HOD has on the
 neighboring properties. Mr. McGinnis stated that the HPC reviews cases to ensure
 the streetscape and character of the home are preserved and neighbors would be
 able to voice any opposition at those meetings.

14

Ms. Edemayer compared the request of the application under the HOD and Bulk
Zoning regulations. If Side Yard relief was granted, the project would include
enlarging an existing sunroom and an additional bathroom to the second level. Mr.
Whalen added that side yard zoning relief would provide the needed space and
prevent a larger addition off the back, allowable in the HOD relief but not the
preferred design. Mr. Whalen stated that conversations with neighbors about the
project were positive

22

Member Lee asked why the rear addition did not include the second floor. Mr. Whalon,stated the large size of the addition would loom over the back yard and result in the loss of a window providing natural light.

29 Please refer to <u>Attachment 1</u> for the transcript of the proceeding of Case V-03-23

Abby Marfurt, owner of 110 and 106 E. Maple, gave a brief overview of the application seeking relief from the Corner Side Setback and Interior Side Yard Setback in order to consolidate portions of the lot at 106 E. Maple with the lots at 100 E. and 110 E. Maple. The variation request stems from the desire to construct an addition to the residence of 110 E. Maple and to deed part of the 106 E. Maple property to the owner of 100 E. Maple, removing the easement on the plat. Granting the request would result in 110 E. Maple becoming a conforming lot,

- bring 100 E. Maple closer to conforming and make the surrounding area less dense.
- 37 Ms. Marfurt briefly explained how the application met the required standards of variation.
- Member Podliska, seconded by Member Giltner, made a motion to close the public
 hearing. The motion carried with a roll call vote as follows:

When we purchased the property, we were made aware of an easement that was on the current property for use of the driveway and the garage to our neighbors at 100 East Maple Street. This past summer we demolished the home at 106 East Maple and have plans to add an addition to our current home at 110, which requires us to consolidate the lots. In addition, we want to vacate the easement which has been in place since the '70s, subdividing a portion of the lot, the driveway, the garage and a few extra feet of width to our neighbors at 100 East Maple Street. We submitted the plat of resubdivision in the application to the village for review which raised the issues around the existing nonconforming conditions with current zoning requirements on both properties, 110 and	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	5 Even with the demolition of the home and it being a current vacant lot, our neighbors have been extremely supportive and as I said last time, I got a hug from one of them, and just hoping for your support in approving the variations to move forward with the resubdivision and consolidation of the lots. Thank you. CHAIRMAN NEIMAN: Any questions from the board? Perhaps it would be good if you went through quickly summarizing the reasons why you meet the standards for the variations that's on Page K, the last two pages of your submission. MS. MARFURT: So as for our garage, our detached garages, which are currently there, they exist so they have always been nonconforming, which I think is the issue to

BEFORE THE HINSDALE ZONING BOARD OF APPEALS DELIBERATIONS

In the Matter of:)) V-03-23,) 110-100 East Maple Street.)

REPORT OF PROCEEDINGS had at the Deliberations of the above-entitled by the Hinsdale Zoning Board of Appeals, at 19 East Chicago Avenue, Hinsdale, Illinois, on November 15, 2023, at the hour of 6:30 p.m.

BOARD MEMBERS PRESENT:

MR. ROBERT NEIMAN, Chairman;

MR. KEITH GILTNER, Vice Chairman;

MS. LESLIE LEE, Member;

MR. GARY MOBERLY, Member;

MR. JOHN PODLISKA, Member;

MR. TOM MURPHY, Member; and

MR. GANNON O'BRIEN, Member.

1	2 ALSO PRESENT:	1	
•		1	MR. O'BRIEN: Obviously, completely
2	MR. ROBB McGINNIS, Director of	2	agree. The variances sought are definitely
	Community Development.	3	appropriate with what you are attempting to do
3		4	to make it less dense and I don't see an issue
4	CHAIRMAN NEIMAN: So I rarely start the	5	with the package you put together.
5	discussion on these but I'll start this one	6	MR. GILTNER: I agree with that.
6	because I think this is an easy one.	7	CHAIRMAN NEIMAN: Okay. Do I hear a
7	The petition involves an attempt to	8	motion to approve the variance requests in Case
8	make a lot less dense rather than more dense. I	9	V-03-23, 110-100 East Maple?
9	wish we had many more such variance requests	10	MR. PODLISKA: So moved.
10	because our jobs would be much easier.	11	MR. GILTNER: Second.
11	This is, in my view, a case where	12	CHAIRMAN NEIMAN: Roll call, please.
12	less is truly more. I think they meet the	13	MR. McGINNIS: Member Moberly?
13	standards, all of the standards to the variance,	14	MR. MOBERLY: Yes.
14	and I would vote to approve this.	15	MR. McGINNIS: Member O'Brien?
15	MR. PODLISKA: I agree. I think the	16	MR. O'BRIEN: Yes.

FINAL DECISION

VILLAGE OF HINSDALE ZONING BOARD OF APPEALS PETITION FOR VARIATION

Zoning Calendar:	V-03-23
Petitioner:	Marfurt & Sitterding
Meeting held:	Public Hearing was held virtually on Wednesday, November 15, at 6:30 p.m. in Memorial Hall, in the Memorial Building, 19 East Chicago Avenue, Hinsdale, Illinois, pursuant to a notice published in The Hinsdalean on October 26, 2023.
Premises Affected:	Subject Property is commonly known as 110-100 E. Maple Street, Hinsdale, Illinois and is legally described as:
	Permanent Index Numbers 09-12-321-005 Permanent Index Numbers; Parcel 1 (100 E. Maple): 09-01-418- 001, Parcel 2 (106 E. Maple): 09-01-418-021 and 09-01-418-022, and Parcel 3 (110 E Maple): 09-01-418-003
	THE WEST 50 FEET OF LOT 5 IN BLOCK 6 IN ALFRED WALKERS ADDITION TO THE TOWN OF HINSDALE, BEING A SUBDIVISION OF PART OF THE SOUTHEAST ¼ OF SECTION 1 AND PART OF THE NORTHEAST ¼ OF SECTION 12, TOWNSHIP 38 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDAIN, ACCORDING TO THE PLAT THEREOF RECORDED JUNE 5, 1868 AS DOCUMENT 9611, IN DUPAGE COUNTY, ILLINOIS.
	THE EAST 50.00 FEET OF THE WEST 100 FEET OF LOT 5 IN BLOCK SIX IN ALFRED WALKERS ADDITION TO THE TOWN OF

BLOCK SIX IN ALFRED WALKERS ADDITION TO THE TOWN OF HINSDSALE, BEING A SUBDIVISION OF PART OF THE SOUTHEAST ¼ OF SECTION 1 AND PART OF THE NORTHEAST ¼ OF SECTION 12, TOWNSHIP 38 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED JUNE 5, 1868 AS DOCUMENT 9611, IN DUPAGE COUNTY, ILLINOIS.

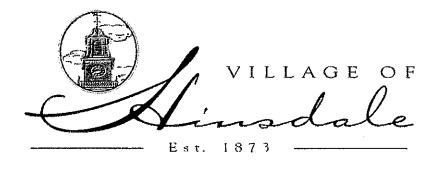

THE EAST 50.00 FEET OF THE WEST 150 FEET OF LOT 5 IN BLOCK 6 IN ALFRED WALKERS ADDITION TO THE TOWN OF HINSDALE, BEING A SUBDIVISION OF PART OF THE SOUTHEAST ¼ OF SECTION 1 AND PART OF THE NORTHEAST ¼ OF SECTION 12, TOWNSHIP 38 NORTH, RANVE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT

THEREOF RECORDED JUNE 5, 1868 AS DOCUMENT 9611, IN DUPAGE COUNTY, ILLINOIS. Subject: In this application for variation, the applicants request relief from the Corner Side Setback and Interior Side Yard Setback set forth in chapters 3 &10 of the Code in order to consolidate portions of the lot at 106 E. Maple with the lots they currently own at 100 E. and 110 E. Maple. Facts: These properties are located in the R-4 Single family Residential District in the Village of Hinsdale and are located on the south side of Maple Street just east of Garfield. Upon consolidation, the 100 E. Maple property will still be a legal nonconforming lot, but will be closer to meeting the conforming standards in Chapter 3 of the code, at least with respect to lot width and lot area. The 110 E. Maple lot will become a conforming lot, with a frontage of approximately 90', an average depth of approximately 120', and a total square footage of approximately 10,862. Action of the Board: Members discussed the request and agreed that the standards for variation set forth in 11-503 (F) of the Hinsdale Zoning Code had been met primarily due to the fact that the setback relief being requested was based on the location of existing structures and recommended approval. A motion to approve the request was made by Member Podliska and seconded by Member Giltner. AYES: Members Moberly, O'Brien, Giltner, Murphy, Lee, Podliska, Chairman Pro Tem Giltner NAYS: None ABSTAIN: None ABSENT: None

These lots will remain in conformity with R-4 zoning
- 7. <u>Zoning Standards</u>. Submit with this application a statement specifically addressing the manner in which it is proposed to satisfy each standard that the Zoning Ordinance establishes as a condition of, or in connection with, the approval being sought. (Section 4 of this application)

Please see section 4 answers

8. <u>Successive Application</u>. In the case of any application being filed less than two years after the denial of an application seeking essentially the same relief, submit with this application a statement as required by Sections 11-501 and 11-601 of the Hinsdale Zoning Code.

SECTION 3- ZONING RELIEF REQUESTED

1. <u>Ordinance Provision</u>. The specific provisions of the Zoning Ordinance from which a variation is sought: (Attach separate sheet if additional space is needed.)

The specific provisions of the Zoning Ordinance from which a variation is sought for <u>100 E. Maple Street</u> are the minimum corner side and interior side setbacks, Section 10-105A(3)(a)(i) and Section 10-105A(3)(a)(ii), respectively.

The specific provision of the Zoning Ordinance from which a variation is sought for <u>110 E. Maple Street</u> is the minimum interior side setback, Section 3-110D(2) (b)(i).

- 2. Variation Sought. The precise variation being sought, the purpose therefore, and the specific feature or features of the proposed use, construction, or development that require a variation: (Attach separate sheet if additional space is needed.) The Marfurt's have demolished the property at 106 E. Maple Street. Please see attached Plat of Subdivision which consolidates 106 E. Maple Street and 110 E. Maple Street (Lot 2) and subdivides a portion to 100 E. Maple Street. (Lot 1). The Marfurts are working on plans for an addition to their home which will traverse both lots. In addition, the subdivision will vacate, abrogate and abolish the easement on 106 E. Maple for the right of 100 E. Maple to use and maintain driveway and garage and give 100 E. Maple additional footage along their driveway and garage. With the resubdivision of the lots, the current garage at 100 E. Maple would not be located in the rear 20% of the lot and would have an interior setback of 3.3'. In addition, the current garage is would not be located in the rear 20% of the lot and would have an interior setback of 3.3'. For 110 E. Maple the current garage is would not be located in the rear 20% of the lot and would have an interior set back of 5.8'.
- 3. <u>Minimum Variation</u>. A statement of the minimum variation of the provisions of the Zoning Ordinance that would be necessary to permit the proposed use, construction, or development: (*Attach separate sheet if additional space is needed.*)

100 E. Maple Street:

1.) Corner Side Yard - Requesting a reduction of 8' of the 18' required with the resubdivison

2.) Interior Side Yard - Requesting a reduction of 3.7' to the east interior side yard or the 7' required with the resubdivision

110 E. Maple Street:

1.) Interior Side Yard - Requesting a reduction of 4.92' the east interior side yard of the 10.0' required with the resubdivision

SECTION 4- STANDARDS FOR VARIATION AS SET FORTH IN SECTION 11-503(F)

(Fence Applications – Section 5)

Provide an explanation of the characteristics of the Subject Property that prevent compliance with the provisions of the Zoning Ordinance, and the specific facts you believe support the granting of the requested variation(s). In addition to your general explanation, you must specifically address each of the following conditions required for approval by the Zoning Board of Appeals. Attach a separate sheet of paper to your application marked Section 4 -Standards for Variation. (jtem K)

- (a) Unique Physical Condition. The Subject Property is exceptional as compared to other lots subject to the same provision by reason of a unique physical condition, including presence of an existing use, structure of sign, whether conforming or nonconforming; irregular or substandard shape or size; exceptional topographical features; or other extraordinary physical conditions peculiar to and inherent in the Subject Property that amount to more than a mere inconvenience to the owner and that relate to or arise out of the lot rather than the personal situation of the current lot owner.
- (b) <u>Not Self-Created</u>. The aforesaid unique physical condition is not the result of any action or inaction of the owner, or of the owner's predecessors in title and known to the owner prior to acquisition of the Subject Property, and existed at the time of the enactment of the provisions from which a variation is sought or was created by natural forces or was the result of governmental action, other than the adoption of this Code, for which no compensation was paid.
- (c) <u>Denied Substantial Rights</u>. The carrying out of the strict letter of the provision from which a variation is sought would deprive the owner of the Subject Property of substantial rights commonly enjoyed by owners of other lots subject to the same provision.
- (d) Not Merely Special Privilege. The alleged hardship or difficulty is not merely the inability of the owner or occupant to enjoy some special privilege or additional right not available to owners or occupants of other lots subject to the same provision, nor merely an inability to make more money from the use of the subject property; provided, however, that where the standards herein set out exist, the existence of an economic hardship shall not be a prerequisite to the grant of an authorized variation.
- (e) <u>Code and Plan Purposes</u>. The variation would not result in a use or development of the Subject Property that would not be in harmony with the general and specific purposes for which this Code and the provision from which a variation is sought were enacted or the general purpose and intent of the Official Comprehensive Plan.

- (f) <u>Essential Character of the Area</u>. The variation would not result in a use or development of the Subject Property that:
 - (1) Would be materially detrimental to the public welfare or materially injurious to the enjoyment, use development, or value of property of improvements permitted in the vicinity; or
 - (2) Would materially impair an adequate supply of light and air to the properties and improvements in the vicinity; or
 - (3) Would substantially increase congestion in the public streets due to traffic or parking; or
 - (4) Would unduly increase the danger of flood or fire; or
 - (5) Would unduly tax public utilities and facilities in the area; or
 - (6) Would endanger the public health or safety.
- (g) <u>No Other Remedy</u>. There is no means other than the requested variation by which the alleged hardship or difficulty can be avoided or remedied to a degree sufficient to permit a reasonable use of the Subject Project.

SECTION 5- STANDARDS FOR VARIATION – FENCES AS SET FORTH IN SECTION 9-12-3(J)

You must specifically address each of the following conditions required for approval of a fence by the Zoning Board of Appeals. Attach a separate sheet of paper to your application marked Section 5 – Standards for Variation - Fences.

- (a) Applicant is affected by unique circumstances which create a hardship justifying relief.
- (b) Will not alter the essential character of the locality.
- (c) Will be in harmony with the general purpose and intent of the code.
- (d) Will set no unfavorable precedent either to the locality or to the Village as a whole.
- (e) Will be the minimum necessary to afford relief to the applicant.
- (f) Will not adversely affect the public safety and general welfare.

SECTION 6- SUBJECT PROPERTY ARCHITECTURAL DRAWINGS/SURVEYS

- 1. A copy of preliminary architectural and/or surveyor plans showing the floor plans, exterior elevations, and site plan needs to be submitted with each copy of the zoning petitions for the improvements.
- 2. The architect or land surveyor needs to provide zoning information concerning the existing zoning; for example, building coverage, distance to property lines, and floor area ratio calculations and data on the plans or supplemental documents for the proposed improvements. If applicable, include any grading changes being proposed.

Please see attached plats and surveys. Marfurts are currently working on house plans.

In addition to the data and information required pursuant to any application as herein set forth, every Applicant shall submit such other and additional data, information, or documentation as the Village Manager or any Board of Commission before which its application is pending may deem necessary or appropriate to a full and proper consideration and disposition of the particular application.

SECTION 7- EXPLANATION OF FEES & APPLICANT SIGNATURE

- Application Fee and Escrow. Every application must be accompanied by a nonrefundable application fee of \$250.00 plus an additional \$600.00 initial escrow amount. The applicant must also pay the costs of the court reporter's transcription fees and legal notices for the variation request. A separate invoice will be sent if these expenses are not covered by the escrow that was paid with the original application fees.
- 2. <u>Additional Escrow Requests</u>. Should the Village Manager at any time determine that the escrow account established in connection with any application is, or is likely to become, insufficient to pay the actual costs of processing such application, the Village Manager shall inform the Applicant of that fact and demand an additional deposit in an amount deemed by him to be sufficient to cover foreseeable additional costs. Unless and until such additional amount is deposited by the Applicant, the Village Manager may direct that processing of the application shall be suspended or terminated.
- 3. <u>Establishment of Lien</u>. The owner of the Subject Property, and if different, the Applicant, are jointly and severally liable for the payment of the application fee. By signing the applicant, the owner has agreed to pay said fee, and to consent to the filing and foreclosure of a lien against the Subject Property for the fee plus costs of collection, if the account is not settled within 30 days after the mailing of a demand for payment.

By signing below, the owner or their authorized representative, states that he/she consents to the filing of this application and that all information contained herein is true and correct to the best of his/her knowledge.

ADDENDUM – RULES FOR WRITTEN SUBMISSIONS AND ORAL ARGUMENT

The Hinsdale Zoning Board of Appeals (ZBA) unanimously approved and adopted the following rules governing written submissions and oral arguments on November 15, 2017:

- 1. No party is required to submit legal briefs or letters to the ZBA in support of any zoning appeal or variance request. The only documents that any appellant or zoning variance applicant must submit are the appeal forms and/or variance request forms and accompanying materials already required under the Hinsdale Zoning Code. The party that filed the appeal or the variance request need not retain counsel to represent them, but they may do so if they wish.
- 2. If any party wishes to submit a separate legal brief or letter detailing the reasons why the ZBA should grant such appeal or variance request, then such party shall deliver to the Zoning Board of Appeals at Hinsdale Village Hall, 19 E. Chicago Avenue, ten (10) signed copies of such briefs or letters at least 14 days before the ZBA meeting when the ZBA will hold the hearing, the appeal, or the variance application.
- 3. Within seven days thereafter, the Village of Hinsdale may, but is not required, to file a brief or letter in response to any brief or letter that any other party has filed. Any such letter or brief that the Village may file in response shall conform to all of the requirements established in these rules.
- 4. Any brief or letter submitted in support of or in response to any such letter or brief must be on 8-1/2" by 11" paper. The text must be double-spaced, but quotations more than two lines long may be indented and single-spaced. The type face must be 14 point type or larger. A one inch margin is required at the top, bottom, and each side of each page. Each page must have a page number at the bottom.
- 5. No such briefs or letters shall exceed 12 pages unless the ZBA grants a party's request for an extension of that page limit. Footnotes are discouraged.
- 6. If any such letter or brief cites to any legal authority, then the letter or brief must contain an index indicating each page number of the letter or brief which cites to that legal authority.
- 7. If any such brief or letter refers to any other documents, then all such documents must be attached as exhibits. Every such exhibit attached to the brief or letter must be identified with an exhibit number, and must be preceded by a numbered tab corresponding with the exhibit number that protrudes on the right hand side of such brief or letter. All such exhibits must be legible.

- 8. Any such brief or letter containing less than 20 pages of text and exhibits combined must be firmly stapled in the upper left hand corner of the brief or letter. Briefs or letters that contain more than 20 pages of combined text and exhibits must be spiral bound on the left hand side in a manner that does not interfere with the legibility of any such text or exhibits.
- 9. If any such brief or letter cites any code section, ordinance, statute, or court decision, then such legal authority must be attached in its entirety as an exhibit to the brief or letter, and the exhibit number must be included in the index required under paragraph 6.
- 10. The ZBA will not consider briefs or letters that do not meet all of these requirements.
- 11. At the hearing on any such appeal or variance request, the party that filed the appeal or the variance request has a maximum of 15 minutes to present their initial arguments regarding why the ZBA should grant such appeal or variance request; the Village may then have a maximum of 15 minutes to respond; and the party that filed the appeal or variance request may then have five minutes to reply. These time limits may be extended by a maximum of five minutes per side in the ZBA's discretion. These time limits apply only to oral argument by a party to the ZBA regarding whether the facts support a conclusion that the ZBA should grant the appeal or variance request under the applicable zoning standards, but not to any witness testimony that any party may wish to present.
- 12. Any non-party to any such appeal or variance request who wishes to address the ZBA at the hearing on any such appeal or variance request, may have a maximum of five minutes to address the ZBA regarding whether the ZBA should grant the appeal or variance request.

Adopted by the Zoning Board of Appeals on November 15, 2017.

Section 4 – Standards for Variation

- a. Unique Physical Condition. As zoning and side yard setbacks have changed over the years since these homes were built – 1934 for 100
 E. Maple and 1936 for 110 E. Maple – and the current square footage of the lots (including 106 E. Maple) is very small, the consolidation / subdivision of the lots will require difficulty in meeting the modern/current interior and corner side yard regulations.
- b. Not Self-Created. Abigail and Adam Marfurt purchased 106 E. Maple Street in good faith and only when the Plat of Subdivision was reviewed with the Village were the Code variation issues raised.
- c. Denied Substantial Rights. Abigail and Adam Marfurt are already in possession and titled both 110 E. Maple and 106. Maple lots. Abigail and Adam merely wish enough space via an addition for their family to enjoy and live in Hinsdale. Brian and Stephanie are already in possession and titled to 100 E. Maple and wish to have the driveway and garage titled to their lot.
- d. **Not Merely Special Privilege**. Abigail and Adam Marfurt, along with Brian Kook and Stephanie Sitterding do not seek any special privilege for this variation.
- e. Code and Plan Purposes. Abigail and Adam Marfurt along with Brian Kook and Stephanie Sitterding wish to keep the neighborhood and residential use of their properties intact, and feel with these variations due to the consolidation/subdivision, will only enhance the neighborhood. Many neighbors on E. Maple Street have expressed their excitement about the demolition of 106 E. Maple and future plans for 110 E. Maple.
- f. Essential Character of the Area. These variations:
 - 1. Will not be materially detrimental to the public welfare or materially injurious to the enjoyment, use development, or value of property of improvements permitted in the vicinity; or
 - 2. Will not materially impair an adequate supply of light and air to the properties and improvements in the vicinity; or
 - 3. Will not substantially increase congestion in the public streets due to traffic or parking; or

- 4. Will not unduly increase the danger of flood or fire; or
- 5. Will not unduly tax public utilities and facilities in the area; or
- 6. Will not endanger the public health or safety.
- g. No Other Remedy. Without consolidation/subdivision of the lots and reduction of the corner side yard allowance and the interior side yard allowances on the current residential structures to remain (garages), there is no other means by which the alleged hardship/difficulty can be avoided or remedied to a degree sufficient to permit a reasonable use of the Marfurt residence.

MEMORANDUM

TO:	Chairman Neiman and Members of the Zoning Board of Appeals
FROM:	Robert McGinnis MCP Director of Community Development/Building Commissioner
DATE:	November 15, 2023
RE:	Zoning Variation – V-04-23; 24 E. 8 th Street

In this application for variation, the applicant requests relief from the minimum Interior Side Yard setback in section 8-205B Table 8-1(D)(2)(b) of the Code in order to construct a two-story addition to their home. The code requires a minimum side yard setback of 10' for properties listed on the Historically Significant Structures Property List (attached) and the specific request is for 3.917' of relief.

This property is located in the R-2 Single family Residential District in the Village of Hinsdale and is located on the south side of 8th Street between Garfield and Washington Street. The property is non-conforming and has an average width of 90', an average depth of approximately 100', and a total square footage of approximately 9,000. The maximum FAR is not limited for properties listed on the Historically Significant Structures Property List, the maximum allowable building coverage is 25% or approximately 2,250 square feet, and the maximum lot coverage is 60% or 5,400 square feet.

Village of Hindsale Application for Variation

SECTION 4- STANDARDS FOR VARIATION AS SET FORTH IN SECTION 11-503(F)

(Fence Applications – Section 5)

Provide an explanation of the characteristics of the Subject Property that prevent compliance with the provisions of the Zoning Ordinance, and the specific facts you believe support the granting of the requested variation(s). In addition to your general explanation, you must specifically address each of the following conditions required for approval by the Zoning Board of Appeals. Attach a separate sheet of paper to your application marked Section 4 -Standards for Variation.

- (a) <u>Unique Physical Condition</u>. The Subject Property is exceptional as compared to other lots subject to the same provision by reason of a unique physical condition, including presence of an existing use, structure of sign, whether conforming or nonconforming; irregular or substandard shape or size; exceptional topographical features; or other extraordinary physical conditions peculiar to and inherent in the Subject Property that amount to more than a mere inconvenience to the owner and that relate to or arise out of the lot rather than the personal situation of the current lot owner.
- (b) <u>Not Self-Created</u>. The aforesaid unique physical condition is not the result of any action or inaction of the owner, or of the owner's predecessors in title and known to the owner prior to acquisition of the Subject Property, and existed at the time of the enactment of the provisions from which a variation is sought or was created by natural forces or was the result of governmental action, other than the adoption of this Code, for which no compensation was paid.
- (c) <u>Denied Substantial Rights</u>. The carrying out of the strict letter of the provision from which a variation is sought would deprive the owner of the Subject Property of substantial rights commonly enjoyed by owners of other lots subject to the same provision.
- (d) <u>Not Merely Special Privilege</u>. The alleged hardship or difficulty is not merely the inability of the owner or occupant to enjoy some special privilege or additional right not available to owners or occupants of other lots subject to the same provision, nor merely an inability to make more money from the use of the subject property; provided, however, that where the standards herein set out exist, the existence of an economic hardship shall not be a prerequisite to the grant of an authorized variation.
- (e) <u>Code and Plan Purposes</u>. The variation would not result in a use or development of the Subject Property that would not be in harmony with the general and specific purposes for which this Code and the provision from which a variation is sought were enacted or the general purpose and intent of the Official Comprehensive Plan.

- (f) <u>Essential Character of the Area</u>. The variation would not result in a use or development of the Subject Property that:
 - (1) Would be materially detrimental to the public welfare or materially injurious to the enjoyment, use development, or value of property of improvements permitted in the vicinity; or
 - (2) Would materially impair an adequate supply of light and air to the properties and improvements in the vicinity; or
 - (3) Would substantially increase congestion in the public streets due to traffic or parking; or
 - (4) Would unduly increase the danger of flood or fire; or
 - (5) Would unduly tax public utilities and facilities in the area; or
 - (6) Would endanger the public health or safety.
- (g) <u>No Other Remedy</u>. There is no means other than the requested variation by which the alleged hardship or difficulty can be avoided or remedied to a degree sufficient to permit a reasonable use of the Subject Project.

SECTION 5- STANDARDS FOR VARIATION – FENCES AS SET FORTH IN SECTION 9-12-3(J)

You must specifically address each of the following conditions required for approval of a fence by the Zoning Board of Appeals. Attach a separate sheet of paper to your application marked Section 5 – Standards for Variation - Fences.

- (a) Applicant is affected by unique circumstances which create a hardship justifying relief.
- (b) Will not alter the essential character of the locality.
- (c) Will be in harmony with the general purpose and intent of the code.
- (d) Will set no unfavorable precedent either to the locality or to the Village as a whole.
- (e) Will be the minimum necessary to afford relief to the applicant.
- (f) Will not adversely affect the public safety and general welfare.

SECTION 6- SUBJECT PROPERTY ARCHITECTURAL DRAWINGS/SURVEYS

- 1. A copy of preliminary architectural and/or surveyor plans showing the floor plans, exterior elevations, and site plan needs to be submitted with each copy of the zoning petitions for the improvements.
- 2. The architect or land surveyor needs to provide zoning information concerning the existing zoning; for example, building coverage, distance to property lines, and floor area ratio calculations and data on the plans or supplemental documents for the proposed improvements. If applicable, include any grading changes being proposed.

In addition to the data and information required pursuant to any application as herein set forth, every Applicant shall submit such other and additional data, information, or documentation as the Village Manager or any Board of Commission before which its application is pending may deem necessary or appropriate to a full and proper consideration and disposition of the particular application.

SECTION 7- EXPLANATION OF FEES & APPLICANT SIGNATURE

- 1. <u>Application Fee and Escrow</u>. Every application must be accompanied by a nonrefundable application fee of \$250.00 plus an additional \$600.00 initial escrow amount. The applicant must also pay the costs of the court reporter's transcription fees and legal notices for the variation request. A separate invoice will be sent if these expenses are not covered by the escrow that was paid with the original application fees.
- 2. <u>Additional Escrow Requests</u>. Should the Village Manager at any time determine that the escrow account established in connection with any application is, or is likely to become, insufficient to pay the actual costs of processing such application, the Village Manager shall inform the Applicant of that fact and demand an additional deposit in an amount deemed by him to be sufficient to cover foreseeable additional costs. Unless and until such additional amount is deposited by the Applicant, the Village Manager may direct that processing of the application shall be suspended or terminated.
- 3. <u>Establishment of Lien</u>. The owner of the Subject Property, and if different, the Applicant, are jointly and severally liable for the payment of the application fee. By signing the applicant, the owner has agreed to pay said fee, and to consent to the filing and foreclosure of a lien against the Subject Property for the fee plus costs of collection, if the account is not settled within 30 days after the mailing of a demand for payment.

By signing below, the owner or their authorized representative, states that he/she consents to the filing of this application and that all information contained herein is true and correct to the best of his/her knowledge.

ADDENDUM – RULES FOR WRITTEN SUBMISSIONS AND ORAL ARGUMENT

The Hinsdale Zoning Board of Appeals (ZBA) unanimously approved and adopted the following rules governing written submissions and oral arguments on November 15, 2017:

- 1. No party is required to submit legal briefs or letters to the ZBA in support of any zoning appeal or variance request. The only documents that any appellant or zoning variance applicant must submit are the appeal forms and/or variance request forms and accompanying materials already required under the Hinsdale Zoning Code. The party that filed the appeal or the variance request need not retain counsel to represent them, but they may do so if they wish.
- 2. If any party wishes to submit a separate legal brief or letter detailing the reasons why the ZBA should grant such appeal or variance request, then such party shall deliver to the Zoning Board of Appeals at Hinsdale Village Hall, 19 E. Chicago Avenue, ten (10) signed copies of such briefs or letters at least 14 days before the ZBA meeting when the ZBA will hold the hearing, the appeal, or the variance application.
- 3. Within seven days thereafter, the Village of Hinsdale may, but is not required, to file a brief or letter in response to any brief or letter that any other party has filed. Any such letter or brief that the Village may file in response shall conform to all of the requirements established in these rules.
- 4. Any brief or letter submitted in support of or in response to any such letter or brief must be on 8-1/2" by 11" paper. The text must be double-spaced, but quotations more than two lines long may be indented and single-spaced. The type face must be 14 point type or larger. A one inch margin is required at the top, bottom, and each side of each page. Each page must have a page number at the bottom.
- 5. No such briefs or letters shall exceed 12 pages unless the ZBA grants a party's request for an extension of that page limit. Footnotes are discouraged.
- 6. If any such letter or brief cites to any legal authority, then the letter or brief must contain an index indicating each page number of the letter or brief which cites to that legal authority.
- 7. If any such brief or letter refers to any other documents, then all such documents must be attached as exhibits. Every such exhibit attached to the brief or letter must be identified with an exhibit number, and must be preceded by a numbered tab corresponding with the exhibit number that protrudes on the right hand side of such brief or letter. All such exhibits must be legible.

- 8. Any such brief or letter containing less than 20 pages of text and exhibits combined must be firmly stapled in the upper left hand corner of the brief or letter. Briefs or letters that contain more than 20 pages of combined text and exhibits must be spiral bound on the left hand side in a manner that does not interfere with the legibility of any such text or exhibits.
- 9. If any such brief or letter cites any code section, ordinance, statute, or court decision, then such legal authority must be attached in its entirety as an exhibit to the brief or letter, and the exhibit number must be included in the index required under paragraph 6.
- 10. The ZBA will not consider briefs or letters that do not meet all of these requirements.
- 11. At the hearing on any such appeal or variance request, the party that filed the appeal or the variance request has a maximum of 15 minutes to present their initial arguments regarding why the ZBA should grant such appeal or variance request; the Village may then have a maximum of 15 minutes to respond; and the party that filed the appeal or variance request may then have five minutes to reply. These time limits may be extended by a maximum of five minutes per side in the ZBA's discretion. These time limits apply only to oral argument by a party to the ZBA regarding whether the facts support a conclusion that the ZBA should grant the appeal or variance request under the applicable zoning standards, but not to any witness testimony that any party may wish to present.
- 12. Any non-party to any such appeal or variance request who wishes to address the ZBA at the hearing on any such appeal or variance request, may have a maximum of five minutes to address the ZBA regarding whether the ZBA should grant the appeal or variance request.

Adopted by the Zoning Board of Appeals on November 15, 2017.

Variation Request

Section II - Required Documentation

5. Existing Zoning

The existing zoning is R-2 with single-family detached use for the subject property. All properties within a 250-foot radius of the subject property are zoned R-2. The existing structure is a precode structure dating back to the 1920's.

6. Conformity

The existing residential structure and the lot which it sits on possess a great number of existing zoning nonconformities. Due to the age of the home and the size of the lot, the current zoning codes cannot be simply overlaid on this lot. The lot dimensions are 90.0' wide x 100.0' deep which generates a much smaller than usual lot square footage, more aligned with an R-4 classification than an R-2. Therefore, because of the small lot, the existing structure encroaches into current zoning bulk regulations for rear and side yard setbacks.

The homeowner has already begun to work within the village's Historic Overlay District zoning code which helps to alleviate some of the current nonconformities. But, even with the help of the HOD regulations, the proposed addition would need additional relief from the interior side yard setback regulation.

7. Zoning Standards

We seek one variation to the Hinsdale Zoning Code: 8-205 B Table 8-1 (D) (2) (b) Minimum side yards, interior side. Conformity with the existing bulk provisions has proven a challenge because of the existing lot size, see below.

8. Successive Application

To the best of our knowledge, no successive application has ever been filed for this request on this lot.

Section III – Zoning Relief Requested

1. Ordinance Provision

We seek one variation to the Hinsdale Zoning Code: 8-205 B Table 8-1 (D) (2) (b) Minimum Side Yards, interior side.

2. Variation Sought

Variation: 8-205 B Table 8-1 (D) (2) (b) Minimum Side yards, interior side:

We seek to decrease the interior side yard setback along the west property line to accommodate a newly proposed two-story addition off the existing home. The current allowable minimum side yard setback in 10'-0" per the Historic Overlay Districts more forgiving regulations.

3. Minimum Variation

Variation: 8-205 B Table 8-1 (D) (2) (b) Minimum Side yards, interior side:

The variation that we are requesting is a decrease of 3.917' from 10.0' to 6.083', of the minimum required side-yard setback. This would place the interior setback at the new extent of the structure on the west side.

Section IV – Standards for Variation

(a) Unique Physical Condition

The existing home and lot at 24 E. 8th street, are considerably smaller than its surrounding R-2 neighbors. Within the immediate R-2 district surrounding this home it is the 4th smallest lot just behind three sequential lots on Lincoln Street. And with that comes specific challenges for creating a contemporary residence under modern zoning regulations. The lot and home are more in keeping with an R-4 zoning district which does allow for a 6'-0" interior side yard setback under the Historic Overlay District bulk regulations.

(b) Not Self-Created

Although there are alternate designs that were studied, see 5(g), the proposed solution was created because of the existing size of the lot and position of the house. The aforesaid unique physical condition as states in 5(a) above is not a result of any action or inaction of the owner, or the owner's predecessors in the title. The location of the home on the small lot existed prior to the time of the enactment of the provisions from which we seek a variation.

(c) Denied Substantial Rights

Although this home is in an R-2 district, the variance request presented here is not seeking to overstep the regulations set forth on a property of similar size in an R-4 district. With a denial of the variance request, it would deny these homeowners the chance to have a comparable home on a comparable lot to those of a similar zoning district.

(d) Not Merely Special Privilege

The requested variation is not merely a special privilege or additional right for the occupant to enjoy. The variation requested would be to the benefit of the Village of Hinsdale by making this historic home more contemporary and relevant to its surrounding R-2 neighbors.

(e) Code and Plan Purposes

The variation will not result in use or development of the subject property causing discord with the general and specific purposes, which the code and the provision - from which a variation is sought - were enacted, or from the general purpose and intent of

the Official Comprehensive Plan. The painted white brick and cedar shingle structure will continue to contribute to the historic character of the neighborhood for years to come because the homeowners have been dedicated thus far to keeping its charm.

- (f) Essential Character of the Area
 - (1) The variation will not be materially detrimental to the public welfare or materially injurious to the enjoyment, use development, or value of property of improvements permitted in the vicinity.
 - (2) The variation will not materially impair an adequate supply of light and air to the properties and improvements in the vicinity.
 - (3) The variation will not substantially increase congestion in the public streets due to traffic or parking.
 - (4) The variation will not unduly increase the danger of flood or fire.
 - (5) The variation will not unduly tax public utilities and facilities in the area.
 - (6) The variation will not endanger the public health or safety.
- (g) No Other Remedy

It is understood that the home, under the new Historic Overlay District setback regulations, could seek to build an even larger addition off the rear of the home without the requirement to submit to the Zoning Board of Appeals. However, after several design iterations, there were no positive design solutions for building exclusively off the rear (South) side of the home. One large 50'-0" long addition would take up a majority of the usable rear yard open space and block most of the natural daylight to penetrate to the center of the home. Thus, it would be more advantageous to build two smaller additions: one for a new kitchen -off the rear/South of the home. By granting this variation and allowing the addition off the west side of the home, it would help to preserve the rear yard space and natural light while making much-needed modern-day improvements to this home.

It is worth noting that the condition of the existing sunroom structure is deteriorating quickly. Due to the original construction of the sunroom, the structure's roof is leaking into the space below, the concrete slab floor is shifting, and the windows have shifted in their openings and no longer operate. As a result, the homeowners will have to remove this existing sunroom and rebuild it from the ground up anyways. But because of its current location, in the side yard setback, they would even require a variance of 3 inches just to rebuild it exactly how it is. By granting this variance request to reduce the side yard to 6.12', the new wider sunroom can be built, and built with more usable interior square footage. (For reference the current usable interior width is 7'-6"; The proposed wider addition would allow for an interior width of 11'-3".)
