RE: Executive Summary – Police Department Activity for January and February 2018

Overnight Auto Burglaries and Auto Thefts

Overnight auto burglaries and auto thefts occurred on three occasions during the rating period. Once in early January on the West and South ends of the Village. We also experienced two separate overnight occurrences in the North and South ends of the Village in late February. The offenders, primarily teenaged males, target wealthy suburbs in the North and West suburbs in an effort to obtain high end vehicles that are then used in other crimes. This is an active investigation and we continue to focus our investigative efforts on intelligence sharing and working neighborhoods in the city associated with the offenders.

Residential Burglary

One residential burglary reported in early January likely occurred as part of a pattern from December of last year. That particular house was not occupied for a long period of time. In two other burglaries, the homes were targeted for specific items by offenders that were likely known to the victims.

The level of criminal activity in the community remains low and consisted with prior reporting years. The police department will continue to devote significant resources to pattern crimes that traditionally generate the largest volume of property crime in each of the above noted categories.
