January 11, 2021

Dear Resident:

The Illinois Tollway's Central Tri-State Tollway (I-294) Project is underway to reconstruct and widen the roadway from Balmoral Avenue to 95th Street to provide congestion relief, reconstruct aging infrastructure to meet current and future transportation demand, and address regional needs. The overall project began in 2018 and is scheduled to be complete in 2026.

In preparation for upcoming mainline roadway work, the Tollway is relocating Flagg Creek Water Reclamation District (FCWRD) sewer lines adjacent to I-294 between Ogden Avenue near Hinsdale and Western Springs and I-55 in Burr Ridge. Work related to sewer relocation began last spring and is scheduled to conclude at the end of this year.

Work in the area near your home on Mills Street is anticipated to begin in late January and will require temporary removal of small segments of noisewall along Mills Street between the Ogden Avenue Interchange to Peirce Park. Replacement of the noisewalls is anticipated to be completed by the end of this year.

In addition, as the Tollway's contractors begin the sanitary sewer line replacement in the area near your neighborhood, tree clearing and fence removal within the project limits is needed to provide access to the sewer pipes. Following tree clearing and noisewall removal, contractors will install temporary, 8-foot chain-link fencing with dark mesh to create a safe work zone while limiting sight and nuisances.

We appreciate your patience during construction. If you have any questions or concerns, please do not hesitate to contact our construction communications team via email at 294tristate@getipass.com or our 24/7 construction hotline at 630-246-2930.

Sincerely,

[Lanyea Griffin \(Jan 11, 2021 17:11 CST\)](#)
