### TRAFFIC SAFETY STUDIES

- **Adams and North** – A preliminary intersection study was initiated at the request of a local resident. The study will determine if the MUTCD warrants are met to install traffic control devices at the currently uncontrolled intersection. The study remains on-going.
- **Bodin and Fourth** – A preliminary intersection study was initiated at the request of a local resident. The study will determine if the MUTCD warrants are met to change the current yield signs to stop signs or an all way stop. The study remains on-going.
- **County Line and Pamela** – A preliminary intersection study was initiated at the request of a local resident. The study will evaluate the congestion caused by the traffic signal at 55th Street and if warranted possible solutions on how to prevent vehicles from blocking the intersection at Pamela. The study remains on-going.
- **County Line and Walnut** – A preliminary intersection study was initiated at the request of a local resident. The study will determine if the MUTCD warrants are met to covert the three way stop to an all way stop. The study remains on-going.
- **Park Between Fourth and Seventh** – Preliminary intersection studies were initiated at the request of a local resident regarding these intersections. The studies will determine if the MUTCD warrants are met to install or change the traffic control devices at any of the intersections. The studies remain on-going.

### CRIME MAP

**MAP LEGEND:**

- Burglary to Motor Vehicle
- Burglary (Other)
- Theft
