

## Utility Construction Notice - ComEd

June 8, 2020

### Project Description

ComEd's contractor, **Intren Inc.**, will begin electric infrastructure improvements on **N Stough St (W. Chicago Ave to N Quincy St) and N Quincy St (N Stough St to North St)** on **Monday, June 8, 2020**. The construction activity should be completed by **Friday, June 19<sup>th</sup>**, weather permitting. The contractor will be installing underground conduit for power cables in the west parkways, along with two junction hand holes (flush with ground). They will be directional boring this conduit to avoid open excavations as much as possible. However, open excavation will be required at the hand hole locations (one at 132/136 N Stough and one at the Hickory St intersection). The contractor will restore all disturbed areas once installations are completed.

### Project Locations

- N Stough St (W Chicago Ave to N Quincy St)
- N Quincy St (N Stough St to North St)

### Impacts to Residents

Construction activities will take place from 8:00 AM to 5:00 PM. During the project activity, street parking will be prohibited. Access to the street and driveways may be affected by construction operations. **Residents should avoid the construction zones as much as possible. If travel through the work zone is necessary, please use extreme caution. The construction will not affect normal garbage and recycling collection days. Please advise of any special deliveries or needs as soon as possible so that we may coordinate with our contractor.**

### Questions

Please contact the Al Diaz, Assistant Village Engineer at 630-789-7029 or by email [adiaz@villageofhinsdale.org](mailto:adiaz@villageofhinsdale.org) with any questions or concerns. Thank you for your patience and cooperation.
