RE: 2021 – Infrastructure Improvement & Street Maintenance Projects

CONSTRUCTION ACTIVITY NOTICE (Project Progress)

Activity Type: EMAIL ADDRESS REQUEST

Dear Resident,

The Village is finalizing the construction plans and specifications for the **2021 – Infrastructure Improvement & Street Maintenance Projects**. The scope of work may include utility improvements, street resurfacing, curb and gutter repairs, water main replacement, sanitary sewer rehabilitation, ADA sidewalk replacement, and parkway restoration. The project scope will vary from street to street (see attached sheet). Future notices will be more specific with details and schedules.

In an effort to deliver prompt project updates, the Village is requesting that residents within the project limits provide an email address where progress information can be sent. These addresses will assist in delivering important information to specific areas related to water main shutdowns, street closings, and property access. The Village will provide a specific email address where residents can forward any questions or concerns related to the construction activities. Your information will be kept private. For residents that do not provide an email address, notices of **major** activities will be provided via regular mail and posted on the Village website.

Please forward your **name, street address, phone number, and email** information to adiaz@villageofhinsdale.org or call the Engineering Department at 630-789-7029, with any questions or concerns. Thank you for your cooperation.

Al Diaz
Assistant Village Engineer
Village of Hinsdale

2021 INFRASTRUCTURE & STREET IMPROVEMENTS – LIST OF STREETS

WEST CHICAGO AVE WATER MAIN REPLACEMENT & STREET RESURFACING* PROJECT (March thru October)

1. W. Chicago Ave. (Washington St to Stough St)
