

CONSTRUCTION NOTICE

August 4, 2021

Project Description

J Nardulli Concrete has completed half of the pavement removal and earth excavation for the **2021 East Eighth St Reconstruction Project**. The contractor will continue these operations per the schedule previously posted. The current construction activity will require partial street closures and street parking will be prohibited. J Nardulli anticipates completing this work by **August 13, 2021 (weather permitting)**.

Project Locations

- East Eighth St (Garfield St to County line Rd)

Impacts to Residents

Construction operations will take place from **7:00 AM to 5:00 PM (Monday – Friday)**. During the project activity, street parking along the project route will be prohibited. Partial street closures are to be expected, which may temporarily delay travel through the work zone. In order to avoid conflicts, residents may use alternate side streets for daily and overnight parking. Access to all properties will be restored at the end of each day, with the exception of curb paving operations. ***For everyone's safety and to expedite the construction process, residents should avoid the construction zones as much as possible. If travel through the work zone is necessary, please use caution. Maintain garbage and recycling routines.***

ALL 8th St residents are requested to isolate and shut off their parkway zones. The watering is creating soft road base conditions that will compromise the integrity and lifespan of the new pavement. Damaged sprinkler systems will be repaired by the contractor after the new curbs are installed.

Questions

Please contact Al Diaz, Assistant Village Engineer, at 630-789-7029 or by email at adiaz@villageofhinsdale.org with any questions or concerns. Thank you for your patience and cooperation.
