

# CONSTRUCTION NOTICE

August 16, 2021

## Project Description

**Builders Asphalt Paving** will begin the street improvements for the **2021 Chicago Ave Resurfacing Project** on **Monday, August 30, 2021 (weather permitting)**. The scope of work will involve limited curb and gutter repairs, pavement milling, pavement patching, and pavement resurfacing. These operations will require partial street closures and street parking will be prohibited. The contractor will mobilize equipment and materials throughout the site for the duration of the project. Builders Asphalt anticipates completing this work by **November 15, 2021 (weather permitting)**.

## Project Location

Chicago Ave – Garfield St to Stough St

| - November 8 <sup>th</sup> – November 15 <sup>th</sup> | Punch List and Pavement Striping                        |

## Impacts to Residents & Businesses

Construction operations will take place from **7:00 AM to 5:00 PM (Monday – Friday)**. During the project activity, street parking along the project route will be prohibited. Partial street closures are to be expected, which may temporarily delay travel through the work zone. In order to avoid conflicts, residents may use alternate side streets for daily and overnight parking. **Access to all properties will be restored at the end of each day.** *For everyone's safety and to expedite the construction process, residents should avoid the construction zones as much as possible. If travel through the work zone is necessary, please use caution. Maintain garbage and recycling routines. Residents with corner lots are requested to mark the locations of their sprinklers heads in order to limit damages during the sidewalk ramp repair operations. The contractor will be responsible for repairing sections they damaged.*

## Questions

Please contact Al Diaz, Assistant Village Engineer, at 630-789-7029 or by email at [adiaz@villageofhinsdale.org](mailto:adiaz@villageofhinsdale.org) with any questions or concerns. Thank you for your patience and cooperation.
