RE: 2022 – Garfield St Pavement Reconstruction Project

CONSTRUCTION ACTIVITY NOTICE (Project Progress)

Activity Type: West Pavement Removal/Replacement (4th St to 7th St)

The Village's contractor, J Nardulli Concrete INC, will begin the removal of the west side pavement on Garfield St. on **Wednesday, June 1, 2022**. The pavement stone base will be placed and prepped for paving by Tuesday, June 7th. The west side pavement is scheduled to be poured on Wednesday, June 8th (weather permitting). The remaining intersection pours will be performed June 9 -10.

Note that Garfield St. local traffic will continue **ONE WAY southbound**, on the east pavement. Daytime access to the street for the west side residents will be prohibited. Temporary stone ramps will provide access for the west side driveways, every evening.

Local residents within the activity area should expect traffic and access delays. In order to avoid conflicts, daily and overnight alternate parking will be available on the side streets. Daily work hours will be from 7AM to 4PM (M-F). Please maintain refuse and recycling routines. Advise guests, service providers, and deliveries of these access challenges, (US Mail and parcel deliveries should not be affected).

Please forward questions or concerns to adiaz@villageofhinsdale.org or call the Engineering Department at 630-789-7029. Thank you for your cooperation.

Parkway sprinkler systems will be affected by these improvements. Please coordinate with your sprinkler service to locate and mark ALL sprinkler heads. The contractor will take measures to protect and repair damaged systems.

Beginning Monday, June 13, 2022, the contractor will shift to Phase 2 of the reconstruction project (Garfield St – 1st St to 4th St).

Al Diaz
Assistant Village Engineer
Village of Hinsdale
