**RE: 2022 – Garfield St Pavement Reconstruction Project – PHASE 4**

## **CONSTRUCTION ACTIVITY NOTICE (Project Progress)**

**Activity Type: Pavement Milling, Patching, and Resurfacing Garfield St (First St to Hinsdale Ave) and at ALL Cross Streets**

The Village's contractor, **J Nardulli Concrete INC**, will begin the final phase of the Garfield St reconstruction project.

In this phase, construction activities will concentrate on milling and resurfacing the northern and southern limits of the project. Beginning **Thursday, August 18<sup>th</sup>**, Garfield St will be milled from Hinsdale Ave to First St., and all the cross street transitions down to 55<sup>th</sup> St. **ALL STREET PARKING AND PARKING LOT ACCESS WILL BE PROHIBITED DURING THE MILLING OPERATIONS**. The contractor will then proceed with pavement patching at the cross street locations on **Friday, August 19<sup>th</sup>**. Each activity location will require temporary street closures utilizing barricades and flaggers. The final paving of these locations is scheduled for the **week of August 22<sup>nd</sup> (weather permitting)**.

In an effort to keep student drop-off traffic at the Hinsdale Middle School separate from construction activities, Garfield St will be closed to ALL traffic from Hinsdale Ave to the Parking Deck. All access and egress for the parking deck will be maintained. However, traffic exiting the parking deck will have to travel south on Garfield St to leave the area.

Residents should expect traffic and access delays. Local & thru traffic will follow the posted detour in order to avoid conflicts with the construction activities. Daily work hours will be from 7AM to 5PM (M-F). Please maintain refuse and recycling routines, and notify guests, service providers, and deliveries of these access challenges, (US Mail and parcel deliveries should not be affected).

Please forward any questions or concerns to [adiaz@villageofhinsdale.org](mailto:adiaz@villageofhinsdale.org) or call the Engineering Department at 630-789-7029. Thank you for your cooperation.

Al Diaz  
Assistant Village Engineer, Village of Hinsdale
