**RE: ARPA Drainage (Charleston Rd & Grant St) Improvement Project**

## **CONSTRUCTION ACTIVITY NOTICE (Project Progress)**

**Activity Type: Start of Construction – S. Grant St (5<sup>th</sup> St to 6<sup>th</sup> St)**

Dear Resident,

**Swallow Construction** will begin mobilizing equipment and materials to the project site on **Wednesday, July 12<sup>th</sup>**. NO PARKING signs have been posted within the project limits. These parking restrictions will facilitate the movement of equipment and materials while allowing LOCAL traffic through the work site. Road construction signage and traffic control barricades will be installed as well. THRU TRAFFIC will be directed to a detour route to limit travel delays.

The contractor will be saw cutting the pavement on **Thursday, July 13<sup>th</sup>** and **Friday, July 14<sup>th</sup>**, in advance of the utility improvements. Pavement cutting creates a slurry that may track along the pavement under traffic. LOCAL traffic should limit travel through the work zone. This activity will be limited to the 6<sup>th</sup> St intersection and the northbound pavement. The street is anticipated to remain open to LOCAL TRAFFIC ONLY for the duration of the project.

On **Tuesday, July 18<sup>th</sup>**, the contractor will begin the storm sewer installation at the 6<sup>th</sup> St intersection and proceed north towards 5<sup>th</sup> St. (weather permitting). This work will continue through the week of July 24<sup>th</sup>.

Please maintain your garbage and recycling routines. Postal and package deliveries should not be affected. Swallow Construction anticipates full project completion by August 18<sup>th</sup>, 2023 (weather permitting).

Please forward any questions or concerns to Al Diaz, Assistant Village Engineer, at [adiaz@villageofhinsdale.org](mailto:adiaz@villageofhinsdale.org) or at 630-789-7029. Thank you for your patience and cooperation.

Al Diaz  
Assistant Village Engineer
