RE: 2023 Street Treatment Program

ACTIVITY NOTICE (Project Progress)

Activity Type: Street Treatment Solution Application

Dear Resident,

The contractor will be completing the streets south of the railroad tracks today (8/3/23). They will start on streets north of the tracks tomorrow (8/4/23).

No parking signs have been posted on streets set to be treated. There is also a map of streets to be treated located on the Village website.

The treatment consists of a natural soy based oil that is bio and pet friendly. The solution does put off an odor similar to citrus. Once the solution is applied the road is slippery for the first 30 minutes until dry.

The Village will provide prompt project updates to residents within the project limits. These notices will provide progress information related to **potential water main shutdowns, street closings, and property access**. Notices of **major** activities will be posted on the Village website.

Please forward your questions and concerns to John Lodewyck at jlodewyck@villageofhinsdale.org or at 630-789-7040. Thank you for your patience and cooperation.
