

# Important information

*about work in your area*

Dear Valued Customer,

Nicor Gas, along with its contractor NPL, will be completing a public improvement project in Hinsdale. As part of this work, NPL will be replacing the natural gas main along your street and the natural gas service line, which connects the main to your property.

After the new natural gas service line has been installed, Nicor Gas or our contractor NPL will contact you to schedule an appointment to connect the new service line to your property. Your natural gas will need to be shut off for approximately three hours during this stage of the project.
