Mr. Al Diaz,

Subject: Permit application for **EMERGENT** work due to cable fault. REF 3973

On behalf of ComEd, INTREN, LLC. would like to come out within the next 2 weeks to replace cable that has recently faulted in your community. Due to the probability that this cable will fault again in the near future it is imperative for us to perform this work as quickly as possible to ensure the best reliability as possible for your residents.

We will be using directional boring method for the installation of cable with final landscaping (topsoil, seed, and blanket) to follow within 3 weeks of completion of work weather permitting.

Please let me know if there is anything else you need from us in order to proceed with the work.

Thank you,

*Diane Loftin*
