Mr. Thomas Cauley
President
19 E Chicago Ave
Hinsdale, IL 60521-3431

Dear Mr. Cauley,

Thank you for contacting me about your concerns with the 5G Pilot Program in Hinsdale.

Like you, I believe strong consumer protections are vital so that residents are aware of any health and safety risks faced by their community. The related scientific consensus is that 5G is safe, and that our bodies do not experience any ill effects from radiation. I will continue to monitor the situation as more evidence becomes available.

As your representative, listening to my constituents is my most important job. Please continue to keep in touch about the issues that matter to you. My door is always open.

Sincerely,

Sean Casten
Member of Congress
