# MINUTES VILLAGE OF HINSDALE PLAN COMMISSION November 14, 2018 MEMORIAL HALL 7:30 P.M.

Chairman Cashman called the special meeting to order at 7:30 p.m., Wednesday, November 14, 2018, in Memorial Hall, the Memorial Building, 19 East Chicago Avenue, Hinsdale, Illinois.

**PRESENT:** Steve Cashman, Gerald Jablonski, Julie Crnovich, Mark Willobee, Jim Krillenberger,

Debra Braselton and Troy Unell

**ABSENT:** Scott Peterson and Anna Fiascone

**ALSO PRESENT:** Chan Yu, Village Planner

Applicant for cases: A-44-2018, A-48-2018, A-50-2018 and A-40-2018

## Approval of Minutes - October 10, 2018

The Plan Commission (PC) **unanimously approved** the October 10, 2018, minutes, as submitted, 7-0, (2 absent).

# Sign Permit Review - Case A-44-2018 - 30 E. Hinsdale Ave. - Yankee Peddler - 1 Awning Sign

The applicant introduced the proposed awning sign with a colored sample of the fabric.

Chairman Cashman asked for any comments by the PC.

Commissioner Crnovich stated it is very tasteful and fits in well with the historic district. The PC in general agreed.

The PC with no further comments, **unanimously approved** the sign application as submitted, 7-0, (2 absent).

### Sign Permit Review - Case A-48-2018 – 45 S. Washington St. – Lepa Boutique & Décor – 1 Wall Sign

The applicant introduced himself as the sign contractor and fabricator, and stated that he has the sample materials if the PC wishes to see it.

Chairman Cashman asked to clarify if sign backing is black, based on the sign application exhibit.

The applicant responded it is a matte black, made of aluminum, with a bracket bent an inch and a half, and all installed with clips hidden by the backing plate. The half inch letters would be bolted through the backing plate.

The PC in general thought the sign looks very good.

The PC with no further questions or comments, **unanimously approved** 7-0, (2 absent), the sign application as submitted.

### Sign Permit Review - Case A-50-2018 - 21 W. Second St. - TinkRWorks - 1 Wall Sign

The applicant introduced herself as the sign contractor, and reviewed the material, mounting method and colors of the proposed wall sign.

Chairman Cashman asked for any comments by the PC.

Commissioner Unell stated it looks good.

Commissioner Willobee asked how many other tenants are in the building.

The business owner responded just U.S. Bank.

Commissioner Willobee added his only other comment is the asymmetrical entrance due to the proposed wall sign.

Commissioner Braselton asked about the 3 colors and if this is a logo.

The applicant responded yes, and explained that they reduced the number of colors to meet the 3 per code.

Commissioners Crnovich asked if the logo is considered 3 colors.

Chan responded what he counted is orange, blue and green, and has no sign backing.

Commissioner Jablonski stated that he believes it is a little too big.

The applicant responded the rule of thumb is that you can read a 15" legible letter from 300 feet, and they used that to be legible from the street. They could try to make it smaller, but the intricacies of the tools in the logo get lost.

Chairman Cashman mentioned that the U.S. Bank sign is hard to see.

Commissioner Krillenberger stated it looks great.

The PC with no further questions or comments, **unanimously approved** 7-0, (2 absent), the sign application as submitted.

<u>Exterior Appearance and Site Plan Review</u> (continued from Oct. 10, 2018, PC meeting) - Case A-40-2018 - 550 W. Ogden Ave. - Hinsdale Ortho - Exterior Appearance and Site Plan Review for Interior Parking Lot Landscape Plan (retroactive request), Exterior Parking Lot Landscape Plan and Parking Lot Lighting Plan.

At the November 14, 2018, PC meeting, Mr. Dave Kanzler returned with a lighting expert from Morgan Harbour Construction, Mr. Marrico Crum to answer questions. Mr. Crum confirmed the correct photometric plan is code compliant, indicating less than 0.5 at the residential lot line. The new light poles would also be 14' tall.

Chan stated that the large sets of photometric plans are not consistent with the initial code compliant plans. To that end, we need clarification on the submitted plan.

Chairman Cashman asked if the emailed plan (subsequent to the October 10, 2018, PC meeting) was code compliant.

Chan responded yes, because it shows less than 0.5 foot candles at the residential lot line. The submitted large plans show numbers over 0.5.

Mr. Crum explained that while he enlarged the plan, the formatting changed, and took data without the glare shields in place.

Commissioner Braselton asked if the lights turn off at night.

Mr. Crum replied the lights dim to a security level lighting at 10 PM.

Commissioners Crnovich asked how dim will it be at security lighting.

Mr. Crum replied there's no real code for that, he told the electrician to dim it 20%.

Chan asked if the lighting is dimmable, and if the neighbors, Trustees or Plan Commissioners have an issue, could you dim it.

Mr. Dave Kanzler stated that he will be completely code compliant, and do whatever they need to do, including turning the lights off.

Chairman Cashman stated that it should be noted that the lighting currently shows low illumination levels even at full mode, pointing out that most of it are fractions of a foot candle.

Commissioners Crnovich asked about the lighting adjacent to Manor Care without glare shields.

Mr. Crum replied that is because it faces towards the street so there is no residential spillover and the light dissipates to code compliant levels at the lot line, thus there was no need to put the shields on.

Commissioners Crnovich asked if the new lights will be in the parking lot.

Mr. Crum replied the new lights will be installed next to the landscaped area on a 2' curb, with a 12' pole. So the new lights will be 14' tall and under the maximum 15' height.

Commissioners Crnovich clarified that it will not taking up any parking spaces.

Mr. Crum replied correct.

Commissioner Crnovich asked about the gate on the site plan.

Mr. Dave Kanzler explained that he was reviewing this with the Village Fire Department, but is not part of the request although it could be considered in the future.

Commissioner Crnovich noted the parking situation is messy between Manor Care, and asked if he does pursue a gate, he'd seek Village approval.

Mr. Dave Kanzler confirmed yes.

The PC with no further questions or comments, **unanimously recommended approval** 7-0, (2 absent), for the exterior appearance and site plan application as submitted.

<u>Public Hearing</u> - Case A-24-2018 – Village of Hinsdale – Zoning Code Text Amendment to Section 6-111(H) Exceptions and Explanatory Notes for the O-2 Limited Office District \*continued from July 11 PC meeting\*

Please refer to Attachment 1, for the transcript of Public Hearing Case A-24-2018.

The PC held a public hearing to review the requested information with Village staff, and **unanimously recommended to deny** the text amendment from the Village of Hinsdale to Zoning Code Section 6-111, 7-0, 2 absent. There were no public comments from the audience at the PC meetings.

The PC stated the requested regulations are arbitrary and would set a bad precedent. The application is too site specific and is potentially spot zoning. And the PC believes the current zoning application process is already in place to carefully review future requests, rationally, and with input by the public.

<u>Public Hearing</u> - Case A-45-2018 – Village of Hinsdale – Zoning Code Text Amendment to Section 9-106(J)(7) to prohibit internally illuminated signage in the B-2 Central Business District.

Please refer to Attachment 2, for the transcript of Public Hearing Case A-45-2018.

The PC held a public hearing to review the requested information with Village staff, and **unanimously continued** the text amendment from the Village of Hinsdale to Zoning Code Section 9-106(J)(7), 7-0, 2 absent, in order for staff to gather data regarding other historic district sign code language, the current

number of illuminated signs in the downtown district, and get feedback from the Chamber of Commerce. There were no public comments from the audience at the PC meeting.

# <u>Schedule of Public Hearing</u> - Case A-37-2018 – 724 N. York Rd. – Hinsdale Animal Hospital Ground Sign in the Design Review Overlay District

The PC **unanimously approved** to schedule a public hearing for Case A-37-2018 for the December 12, 2018, PC meeting, 7-0, (2 absent).

# **Adjournment**

The meeting was adjourned at 8:42 p.m. after a unanimous vote.

Respectfully Submitted by Chan Yu, Village Planner

MR. KRILLENBERGER: So how did you pick these proportions from 40 to 25 feet? Does that match Kensington's proposed building and use?  MR. YU: Yes. So what's here now is at least what Kensington School has.  MR. JABLONSKI: It's shorter than the adjoining homes are allowed to be.  MR. YU: Correct. Right. So the homes I think would be allowed up to  MR. JABLONSKI: 30 feet.  MR. YU: Right, 30 feet, 3 stories. So this text amendment would for this site allow a building to be maximum 1 story.  MR. As we 4 I said, anybody can come in saying, well, you 4 know --5 go through the change, I think what you are CHAIRMAN CASHMAN: I always think about saying, Steve, some of the changes that we are 6 one, the cases that we hear that are in those 7 having, it's like we have a desired use in mind 7 districts. Those are always the most if it does change; but we don't even know what 8 challenging because it's transitioning from a that would be. Right? So why are we trying to 9 9 08:07:47PM 10 commercial area to a residential area. And you 08:09:27PM 10 look at a crystal ball to make changes for a use 11 really want to make that transition as good as that we don't know what's going to walk in the 11 possible. door, at Kensington at least. 12 12 13 This was reverse where, to be 13 CHAIRMAN CASHMAN: It's just a fear. honest, to have a house right on Ogden Avenue on 14 14 It's a fear based on nondata or experience. that corner would not be a primo spot for a 15 MR. WILLOBEE: Right. 15 house. I certainly wouldn't want to live there. CHAIRMAN CASHMAN: If we had a problem 16 16 And so because of the speed and noise of Ogden, with 0-2s where this kept happening, then I 17 17 18 in a way it forced it to go the other way where would be in favor of doing a detailed study of 19 it created a transition from Ogden to this the whole 0-2 district and say, okay, what do we 08:08:13PM **20** residential. 08:09:47PM **20** need to do to make 0-2 a better transitional 21 It's interesting. And even district. 21 Kensington, I mean they went out of their way. 22 22 MR. WILLOBEE: Right. And to your
