# <u>Sign Permit Review</u> - Case A-22-2019 – 24 W. Hinsdale Ave. – Michael Abraham Architects – 1 New Illuminated Wall Sign.

The sign applicant, Margaret, of Michael Abraham Architecture, reviewed the proposed metal black sign which would be backlit.

The sign applicant replied correct.

Chairman Cashman mentioned there is another location currently in the City's Gold Coast neighborhood.

Commissioner Krillenberger asked about the "splash" as indicated in the materials.

Chan explained the splash referenced the method of sign lighting is projected against the wall vs. for example, a backlit translucent text or halo lit sign.

Commissioner Crnovich asked if there were any comments by the HPC.

Chan responded yes, Commissioner Prisby requested the sign be closer to the wall. However, no distance was given as to how much closer.

Commissioner Jablonski asked how far the sign projects from the wall.

The sign applicant responded 17-inches.

The applicant replied that they would reconstruct those.

The applicant stated yes.

Commissioner Julie Crnovich asked if the sign would be turned off at night.

The applicant responded yes, by 10 PM.

# <u>Public Hearing</u> - Case A-20-2019 – Village of Hinsdale – Proposed Text Amendment to Major Adjustment to Planned Development (Section 11-603) and Site Plan Review (Section 11-604)

### Please refer to Attachment 1, for the transcript for Public Hearing Case A-20-2019

The PC heard testimony from Village staff, Chan Yu, who gave a summary of the text amendment to change the definitions of a major and minor adjustment to a planned development and site plan/exterior appearance plan. He reviewed that this was initiated by the Village Board after receiving several seemingly minor changes to the approved site plans or building facades after approval, and gave example of projects from the last few years.

The PC reviewed different scenarios relative to the proposed language of the text amendment and was generally satisfied with the language, however, requested to add more details to Sections K(1)(g), K(1)(j) and add K(1)(q). These details specifically list (below in red), for example, "fences", "screening" and "landscape plan" to clarify that these items are included in the proposed definitions:

K(1)(g) Alters the location of any one structure or group of structures, including fences or screening, from the locations shown on the approved final plan;

K(1)(j) Increases the footprint of a building or impervious surface;

K(1)(q) Significantly modifies the landscape plan.

To this end, the PC **unanimously recommended approval for** the text amendment application to Sections 11-603 and 11-604 related to Major and Minor Adjustment definitions, the Village of Hinsdale Plan Commission, on a vote of 7-0, (2 absent), recommends that the President and Board of Trustees approve the application, with the above additional language (in red text).

### <u>Adjournment</u>

The meeting was adjourned at 8:15 p.m. after a unanimous vote.

Respectfully Submitted by Chan Yu, Village Planner
