MEMORANDUM

TO: Chairman Neiman and Members of the Zoning Board of Appeals
FROM: Robert McGinnis MCP
Director of Community Development/Building Commissioner
DATE: July 27, 2022
RE: Zoning Variation – V-05-22; 714 S. Madison Street

In this application for variation, the applicant requests relief from the Maximum Floor Area Ratio (FAR) limitations set forth in 3-110(E)(1) and the Maximum Building Coverage limitations set forth in 3-110(F)(1) in order to construct a detached two car garage. The specific request is for 22.56sf. of FAR relief and 152.75sf of Building Coverage relief.

It should be noted that the Zoning Board of Appeals does not have final authority over either of the specific bulk zoning requirements that relief is being sought. As such, it will move on to the Board of Trustees as a recommendation should four affirmative votes be cast.

This property is located in the R-4 Single family Residential District in the Village of Hinsdale and is located on the west side of Madison between 7th and 8th Street. The property has a frontage of approximately 50', an average depth of 125', and a total square footage of approximately 6,250. The maximum FAR is approximately 2,800 square feet, the maximum allowable building coverage is 25% or approximately 1,562.50 square feet, and the maximum lot coverage is 60% or 3,125 square feet.

**SECTION 4- STANDARDS FOR VARIATION
AS SET FORTH IN SECTION 11-503(F)**

(Fence Applications – Section 5)

Provide an explanation of the characteristics of the Subject Property that prevent compliance with the provisions of the Zoning Ordinance, and the specific facts you believe support the granting of the requested variation(s). In addition to your general explanation, you must specifically address each of the following conditions required for approval by the Zoning Board of Appeals. Attach a separate sheet of paper to your application marked Section 4 – Standards for Variation.

- (a) **Unique Physical Condition**. The Subject Property is exceptional as compared to other lots subject to the same provision by reason of a unique physical condition, including presence of an existing use, structure of sign, whether conforming or nonconforming; irregular or substandard shape or size; exceptional topographical features; or other extraordinary physical conditions peculiar to and inherent in the Subject Property that amount to more than a mere inconvenience to the owner and that relate to or arise out of the lot rather than the personal situation of the current lot owner.
- (b) **Not Self-Created**. The aforesaid unique physical condition is not the result of any action or inaction of the owner, or of the owner's predecessors in title and known to the owner prior to acquisition of the Subject Property, and existed at the time of the enactment of the provisions from which a variation is sought or was created by natural forces or was the result of governmental action, other than the adoption of this Code, for which no compensation was paid.
- (c) **Denied Substantial Rights**. The carrying out of the strict letter of the provision from which a variation is sought would deprive the owner of the Subject Property of substantial rights commonly enjoyed by owners of other lots subject to the same provision.
- (d) **Not Merely Special Privilege**. The alleged hardship or difficulty is not merely the inability of the owner or occupant to enjoy some special privilege or additional right not available to owners or occupants of other lots subject to the same provision, nor merely an inability to make more money from the use of the subject property; provided, however, that where the standards herein set out exist, the existence of an economic hardship shall not be a prerequisite to the grant of an authorized variation.
- (e) **Code and Plan Purposes**. The variation would not result in a use or development of the Subject Property that would not be in harmony with the general and specific purposes for which this Code and the provision from which a variation is sought were enacted or the general purpose and intent of the Official Comprehensive Plan.

- (f) **Essential Character of the Area.** The variation would not result in a use or development of the Subject Property that:
- (1) Would be materially detrimental to the public welfare or materially injurious to the enjoyment, use development, or value of property of improvements permitted in the vicinity; or
 - (2) Would materially impair an adequate supply of light and air to the properties and improvements in the vicinity; or
 - (3) Would substantially increase congestion in the public streets due to traffic or parking; or
 - (4) Would unduly increase the danger of flood or fire; or
 - (5) Would unduly tax public utilities and facilities in the area; or
 - (6) Would endanger the public health or safety.
- (g) **No Other Remedy.** There is no means other than the requested variation by which the alleged hardship or difficulty can be avoided or remedied to a degree sufficient to permit a reasonable use of the Subject Project.

<p style="text-align: center;">SECTION 5- STANDARDS FOR VARIATION – FENCES <i>AS SET FORTH IN SECTION 9-12-3(J)</i></p>

You must specifically address each of the following conditions required for approval of a fence by the Zoning Board of Appeals. Attach a separate sheet of paper to your application marked Section 5 – Standards for Variation - Fences.

- (a) Applicant is affected by unique circumstances which create a hardship justifying relief.
- (b) Will not alter the essential character of the locality.
- (c) Will be in harmony with the general purpose and intent of the code.
- (d) Will set no unfavorable precedent either to the locality or to the Village as a whole.
- (e) Will be the minimum necessary to afford relief to the applicant.
- (f) Will not adversely affect the public safety and general welfare.

SECTION 6- SUBJECT PROPERTY ARCHITECTURAL DRAWINGS/SURVEYS

1. A copy of preliminary architectural and/or surveyor plans showing the floor plans, exterior elevations, and site plan needs to be submitted with each copy of the zoning petitions for the improvements.
2. The architect or land surveyor needs to provide zoning information concerning the existing zoning; for example, building coverage, distance to property lines, and floor area ratio calculations and data on the plans or supplemental documents for the proposed improvements. If applicable, include any grading changes being proposed.

In addition to the data and information required pursuant to any application as herein set forth, every Applicant shall submit such other and additional data, information, or documentation as the Village Manager or any Board of Commission before which its application is pending may deem necessary or appropriate to a full and proper consideration and disposition of the particular application.

SECTION 7- EXPLANATION OF FEES & APPLICANT SIGNATURE

1. **Application Fee and Escrow.** Every application must be accompanied by a non-refundable application fee of \$250.00 plus an additional \$600.00 initial escrow amount. The applicant must also pay the costs of the court reporter's transcription fees and legal notices for the variation request. A separate invoice will be sent if these expenses are not covered by the escrow that was paid with the original application fees.
2. **Additional Escrow Requests.** Should the Village Manager at any time determine that the escrow account established in connection with any application is, or is likely to become, insufficient to pay the actual costs of processing such application, the Village Manager shall inform the Applicant of that fact and demand an additional deposit in an amount deemed by him to be sufficient to cover foreseeable additional costs. Unless and until such additional amount is deposited by the Applicant, the Village Manager may direct that processing of the application shall be suspended or terminated.
3. **Establishment of Lien.** The owner of the Subject Property, and if different, the Applicant, are jointly and severally liable for the payment of the application fee. By signing the applicant, the owner has agreed to pay said fee, and to consent to the filing and foreclosure of a lien against the Subject Property for the fee plus costs of collection, if the account is not settled within 30 days after the mailing of a demand for payment.

By signing below, the owner or their authorized representative, states that he/she consents to the filing of this application and that all information contained herein is true and correct to the best of his/her knowledge.

ADDENDUM – RULES FOR WRITTEN SUBMISSIONS AND ORAL ARGUMENT

The Hinsdale Zoning Board of Appeals (ZBA) unanimously approved and adopted the following rules governing written submissions and oral arguments on November 15, 2017:

1. No party is required to submit legal briefs or letters to the ZBA in support of any zoning appeal or variance request. The only documents that any appellant or zoning variance applicant must submit are the appeal forms and/or variance request forms and accompanying materials already required under the Hinsdale Zoning Code. The party that filed the appeal or the variance request need not retain counsel to represent them, but they may do so if they wish.
2. If any party wishes to submit a separate legal brief or letter detailing the reasons why the ZBA should grant such appeal or variance request, then such party shall deliver to the Zoning Board of Appeals at Hinsdale Village Hall, 19 E. Chicago Avenue, ten (10) signed copies of such briefs or letters at least 14 days before the ZBA meeting when the ZBA will hold the hearing, the appeal, or the variance application.
3. Within seven days thereafter, the Village of Hinsdale may, but is not required, to file a brief or letter in response to any brief or letter that any other party has filed. Any such letter or brief that the Village may file in response shall conform to all of the requirements established in these rules.
4. Any brief or letter submitted in support of or in response to any such letter or brief must be on 8-1/2" by 11" paper. The text must be double-spaced, but quotations more than two lines long may be indented and single-spaced. The type face must be 14 point type or larger. A one inch margin is required at the top, bottom, and each side of each page. Each page must have a page number at the bottom.
5. No such briefs or letters shall exceed 12 pages unless the ZBA grants a party's request for an extension of that page limit. Footnotes are discouraged.
6. If any such letter or brief cites to any legal authority, then the letter or brief must contain an index indicating each page number of the letter or brief which cites to that legal authority.
7. If any such brief or letter refers to any other documents, then all such documents must be attached as exhibits. Every such exhibit attached to the brief or letter must be identified with an exhibit number, and must be preceded by a numbered tab corresponding with the exhibit number that protrudes on the right hand side of such brief or letter. All such exhibits must be legible.

8. Any such brief or letter containing less than 20 pages of text and exhibits combined must be firmly stapled in the upper left hand corner of the brief or letter. Briefs or letters that contain more than 20 pages of combined text and exhibits must be spiral bound on the left hand side in a manner that does not interfere with the legibility of any such text or exhibits.
9. If any such brief or letter cites any code section, ordinance, statute, or court decision, then such legal authority must be attached in its entirety as an exhibit to the brief or letter, and the exhibit number must be included in the index required under paragraph 6.
10. The ZBA will not consider briefs or letters that do not meet all of these requirements.
11. At the hearing on any such appeal or variance request, the party that filed the appeal or the variance request has a maximum of 15 minutes to present their initial arguments regarding why the ZBA should grant such appeal or variance request; the Village may then have a maximum of 15 minutes to respond; and the party that filed the appeal or variance request may then have five minutes to reply. These time limits may be extended by a maximum of five minutes per side in the ZBA's discretion. These time limits apply only to oral argument by a party to the ZBA regarding whether the facts support a conclusion that the ZBA should grant the appeal or variance request under the applicable zoning standards, but not to any witness testimony that any party may wish to present.
12. Any non-party to any such appeal or variance request who wishes to address the ZBA at the hearing on any such appeal or variance request, may have a maximum of five minutes to address the ZBA regarding whether the ZBA should grant the appeal or variance request.

Adopted by the Zoning Board of Appeals on November 15, 2017.

SECTION 2 – REQUIRED DOCUMENTATION

5. EXISTING ZONING

The subject property is located within the R-4 Single Family Residential District within the Village of Hinsdale.

6. STATEMENT OF CONFORMITY

The subject property is located within the R-4 Single Family Residential District within the Village. The Applicant seeks a variance pursuant to Section 11-503(E)(1)(c), which is a permitted variation in the R-4 Single Family Residential District. Therefore, granting the requested variations on the subject property would be in conformity with the Official Map and permissible under the Code.

SECTION 3- ZONING RELIEF REQUESTED

1. **Ordinance Provision.** *The specific provisions of the Zoning Ordinance from which a variation is sought:*

Sec. 3-110 (E)(1) – Maximum Floor Area Ratio

Sec. 3-110 (F)(1) – Maximum Building Coverage

2. **Variation Sought.** *The precise variation being sought, the purpose therefore, and the specific feature or features of the proposed use, construction, or development that require a variation:*

The Applicants are seeking a variation in order to build a two-car garage on the Property. The Property has never had a garage and only ever had a parking pad, pursuant to historical records.

The current house has Building Coverage of 1,384.50 sq. ft. and a floor area ratio (F.A.R.) of 2,602.06 sq. ft. With the addition of the size of the garage, the new Building Coverage would be 1,715.25 sq. ft. and the F.A.R. would be 2,822.56.

The Applicant seeks a variation for the maximum building coverage requirements, to allow Building Coverage of 1,715.25 sq. ft., which would exceed the maximum allowable Building Coverage by 152.75 sq. ft. or roughly 9.77%.

The applicant also seeks a variation for the maximum F.A.R. requirements, to allow an F.A.R. of 2,822.56, which would exceed the maximum allowable F.A.R. by 22.56 or roughly 0.8%.

3. **Minimum Variation.** *A statement of the minimum variation of the provisions of the Zoning Ordinance that would be necessary to permit the proposed use, construction, or development:*

Applicant is seeking the minimum variation necessary to the requirements for Building Coverage and F.A.R. for the property in order to put in the smallest two-car garage available. Applicant is not seeking any additional variations beyond what is necessary to build the minimum size required for a two car garage.

SECTION 4 - STANDARDS FOR VARIATION
AS SET FORTH IN SECTION 11-503(F)

(a) **Unique Physical Conditions.**

The unique physical conditions of the subject property are the existing structure was built prior to the Applicant purchasing the property and was built without a garage.

(b) **Not-Self Created.**

The Applicant purchased the property after the home was built on the property and did not create the conditions which require a variance to build the smallest two-car garage available on the lot.

(c) **Denied Substantial Rights.**

The carrying out of the strict letter of the provision from which a variation is sought would deprive the owner of the Subject Property of substantial rights commonly enjoyed by owners of other lots subject to the same provision, as there are numerous other properties with similar sized lots which have two-car garages. Without the variation, the Applicant would only be able to build a one-car garage, which has been found to be a hardship.

Further, Section 10-104(B)(6) of the Code provides that residents of the Village have the right, with certain criteria being met, to demolish and replace a garage with a new two-car garage. However, as no garage is being demolished on this property, this provision is not specifically applicable, but does show the substantial right of residents of the Village to the building of such garages.

(d) **Not Merely Special Privilege.**

The Applicant is not seeking a special privilege in seeking the variance as many other properties have a two-car garage and the small variation would provide them with that similar right.

(e) **Code and Plan Purposes.**

The Code and building requirements are intended to help preserve the housing types and residential character of the Village. The proposed variance would not affect either of those intended purposes and would allow the Applicants to add a two-car garage, similar to many surrounding properties.

(f) **Essential Character of the Area.**

The variance sought by the Applicant would not have a detrimental effect on the essential character of the area or have a negative effect on the public welfare. Rather, the proposed variance will allow the Applicant to develop the property in a manner that is consistent with the essential character of the area, as Applicant will be adding a two-car garage to the single family residence on the property, similar to most properties in the area. This will allow the Applicants to park their cars overnight in the garage, rather than out in the open, which would benefit the character of the neighborhood.

(g) **No Other Remedy.**

There is not another remedy which would allow the Applicant to add a two-car garage to the property as they are already seeking the smallest two-car garage available. Without the variation, the Applicant would only be able to build a one-car garage, which has been proven to be a hardship.
