VILLAGE OF HINSDALE
ZONING AND PUBLIC SAFETY COMMITTEE MINUTES
SPECIAL MEETING
TUESDAY APRIL 20, 2010
MEMORIAL HALL
6:30 p.m.**

Present: Chairman Williams Trustee LaPlaca, Trustee Angelo, Trustee Schultz

Absent: None

Also Present: David Cook, Village Manager; Robert McGinnis, Acting Community Development Director/Building Commissioner; Brad Bloom, Chief of Police; Mike Kelly, Fire Chief

Chairman Williams called the meeting to order at 6:30 p.m.

Minutes – March 22, 2010

Trustee LaPlaca moved to approve the minutes as amended for March 22, 2010 meeting. Trustee Angelo seconded. Minor adjustments were addressed and corrected. The motion passed unanimously.

Monthly Reports – March 2010

Police and Fire Departments

Chief Bloom reviewed the Police Department's monthly report and discussed a recent string of car burglaries occurring within the Village and some traffic issues related to the south Garfield roadway construction.

Chief Kelly reported that for the month of March the overall volume of fire calls are down slightly compared to last year; however the number of ambulance calls is ahead of last years numbers. Chief Kelly informed the Committee that the fire department was recently notified that their 2009 grant application through the Assistance for Firefighter's Grant program would be funded. The total amount of the grant will be \$44,890.00 with a 5% Village share of \$2,244.00. This grant will be used to upgrade communications and will assist in some of the needed improvements with the switching to a new radio frequency and dispatch center. Chief Kelly also informed the Committee that he recently had a conversation with a resident on north Glendale who will be redeveloping his property and would like to work with the Village and the fire department to conduct some live burns in the house to demonstrate the effectiveness of fire sprinklers and as a training opportunity for the fire department. Unfortunately, this resident could not appear before the Committee, but indicated that he would be in contact with Chair Williams about this opportunity. Trustee Schultz inquired about Clarendon Hills' ability to provide staffing per the shared agreement. Chief Kelly indicated that based on information from Chief Leahy from Clarendon Hills that they will be able to supply the staffing indicated in the agreement closer to August/September and that we anticipate that this Agreement will come before the Board again to reflect this. Manager Cook added that due to some revenue issues that they will be able to staff their department per the agreement closer to August 1st. Trustee LaPlaca inquired about

the connection between the Villages by the Lions pool and any progress on that issue. Chief Kelly indicated that there have been preliminary talks but that this item may take a little more time due to other parties involved with the property.

Community Development

Mr. McGinnis noted that the Building Division posted revenues of \$98,000 for the month. He noted that the uptick in revenue was primarily due to two renewals for commercial jobs. There were 350 inspections done, 12 new homes are in review, and more permit activity in general. Discussed vacant property registration and fact that surrounding communities are asking questions and requesting copies of our ordinance. Stated that drawings for hospital expansion will be coming in any day. Trustee LaPlaca questioned if a certain tree issue was taken care of. Mr. McGinnis stated the code enforcement officer had already issued citations.

Request for Board Action

Recommend Approval of an Ordinance Approving Site Plans and Exterior Appearance Plans for Dugout Improvements at 550 Walnut Street

Trustee Schultz motioned to Recommend Approval of an Ordinance Approving Site Plans and Exterior Appearance Plans for Dugout Improvements at 550 Walnut Street. Trustee Angelo seconded. The motion passed unanimously.

Recommend Approval of an Ordinance Amending Title 4 (Health and Sanitation) Chapter 1 (General Health Regulations) Section 4-1-9 (Ambulance and Life Support Service Fees)

Mr. Langlois provided background information and stated the reasoning for this agenda item was to change the fees for ambulance calls. Changes include charging patrons if they choose not to ride in the ambulance, charging non-residents a higher fee than Village residents, and other changes to better reflect the policy of the Village of Clarendon Hills. General discussion took place over insurance costs and certain fees that would be implemented with this ordinance. Trustee LaPlaca motioned to Recommend Approval of an Ordinance Amending Title 4 (Health and Sanitation) Chapter 1 (General Health Regulations) Section 4-1-9 (Ambulance and Life Support Service Fees). Trustee Angelo seconded. The motion passed unanimously.

Recommend Approval of an Ordinance Amending Title 9 (Building Regulations), Chapter 9 (Fire Code), Section 9-9-2 (Amendments, Revisions, and Changes) of the Village Code Instituting a New Fire Inspection Fee.

Trustee LaPlaca motioned to Recommend Approval of an Ordinance Amending Title 9 (Building Regulations), Chapter 9 (Fire Code), Section 9-9-2 (Amendments, Revisions, and Changes) of the Village Code Instituting a New Fire Inspection Fee. Trustee Shultz seconded. The motion passed unanimously.

Recommend Approval of an Ordinance Amending Title 5 (Police Regulations) Chapter 5 (Alarm Devices) of the Village Code of Hinsdale

Mr. Langlois stated this approval would increase the annual fee from \$10 to \$20 for an annual alarm permit. General discussion took place over the fee schedule and collection method as well as the fees for late payments. Trustee Schultz questioned if it would be possible to pay for this annual fee every two or three years to cut down on administrative time needed in order to process the fees collected. Mr. Langlois stated he would look into the feasibility of converting this payment to every two years.

Recommend Approval of an Ordinance Authorizing the Sale by Auction of Personal Property Owned by the Village of Hinsdale

Trustee Schultz motioned to Recommend Approval of an Ordinance Authorizing the Sale by Auction of Personal Property Owned by the Village of Hinsdale. Trustee Angelo seconded. The motion passed unanimously.

Adjournment

With no further business to come before the Committee, Trustee Angelo motioned to adjourn. Trustee LaPlaca seconded. The meeting was adjourned at 7:05 p.m.

Respectfully Submitted,

Robert McGinnis, MCP
Acting Director of Community Development/Building Commissioner

Investigations Division Summary

April 2010

- On April 2, 2010, a 23-year-old Channahon woman was charged with one count of **Unlawful Possession of a Controlled Substance** (heroin). In February, detectives had been assigned to place three persons under surveillance after they had been involved in the theft of a stroller. The three subjects were at the Memorial Building seeking assistance from the food pantry. Additional investigation revealed a female in the group, who was wanted on a warrant out of Kendall County, had spoons, needles, and small packets of foil in her purse. Those items were sent to the DuPage County Crime lab for analysis which tested positive for heroin. A warrant was obtained and the female had been picked up by Stickney PD. The female was processed and transported to DuPage County Jail.
- On April 7, 2010, a 26-year-old Gurnee man was charged with one count of **Unlawful Possession of Cannabis**, and one count of **Obstructing a Peace Officer**. The male was a passenger in a vehicle, in which the driver was arrested for having a suspended driver's license. Officers observed the male in the process of eating the cannabis, in order to prevent his arrest. The male was released after posting bond.
- On April 9, 2010, an 18-year-old Hinsdale male was charged with one count of **Unlawful Possession of Controlled Substance** and one count of **Driving Under the Influence of Drugs**. The male was stopped for a traffic violation and failed field sobriety tests. The male was later searched and numerous small packages containing a white powder-type substance were discovered in his shoe. The male was transported to DuPage County Jail.
- On April 9, 2010, a 44-year-old Hinsdale man was charged with one count of **Harassment by Telephone**. The male is alleged to have made obscene comments to a female. The male was released after posting bond.
- On April 11, 2010, 46-year-old Hinsdale man was charged with two counts of **Domestic Battery**. Officers were called to the home by a juvenile in the residence who was reporting the incident. The suspect is alleged to have taken a power cord from a laptop and struck a female family member in the head. The female refused medical attention. The male was transported to DuPage County Jail.
- On April 12, 2010, an 18-year-old Hinsdale man was charged with one count of **Battery**. The male was confronted after a homeowner found him on his property, removing bottles of alcohol that were apparently hidden in the homeowner's yard. The male shoved the homeowner and left the scene. The male later turned himself in after being identified in a photo lineup. The male was released on bond.
- On April 29, 2010, a 30-year-old Chicago man was charged with two counts of **Domestic Battery** and one count of **Unlawful Interference With the Reporting of Domestic Violence**. Officers were called to the home after the male allegedly grabbed a phone out of the hands of a female family member when she tried to call 911. The male then ripped the phone out of the wall, and blocked the path of the female when she attempted to use another phone to call 911. The male later turned himself in and was transported to DuPage County Jail.

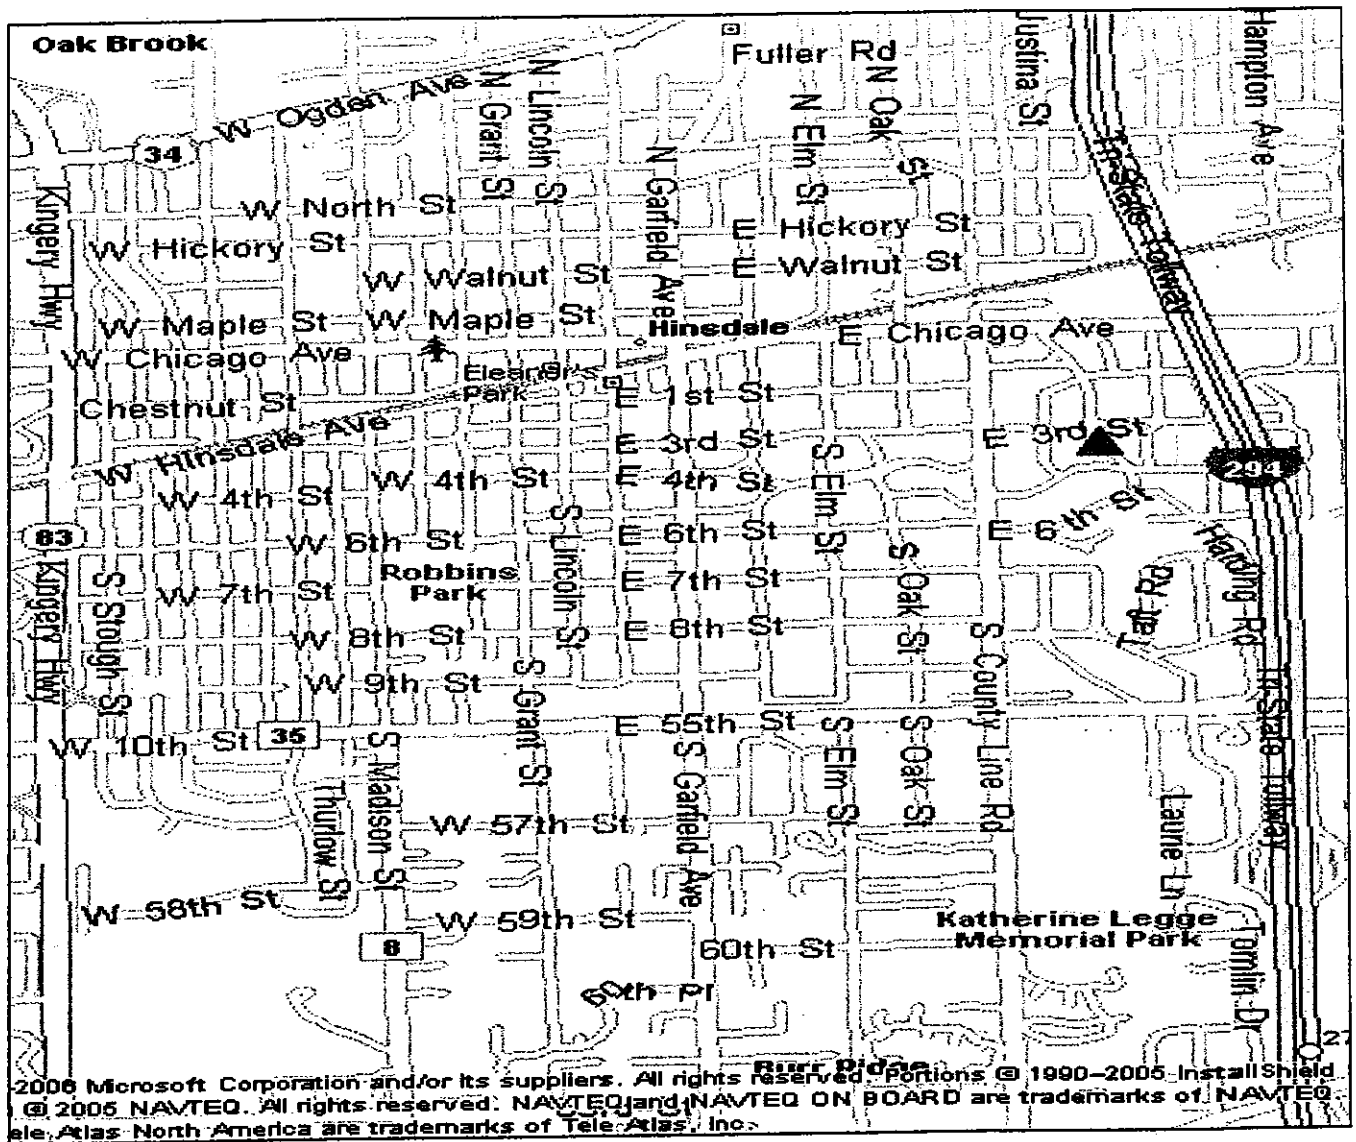

- On April 30, 2010, a 30-year-old Villa Park male was charged with one count of **Unlawful Possession of Cannabis**. The male had been stopped for a traffic violation which resulted in his arrest for having a suspended license. The male had turned over the suspected cannabis along with some drug paraphernalia prior to being taken into custody due to wanting to be honest with the officer. The male was released after posting bond.

Traffic Information Summary

April 2010

Deputy Chief Wodka continued preparations for the upcoming Public Education and Enforcement Research Study (PEERS) for railroad crossing education and enforcement. This is the sixth phase of PEERS grants that have been received by the Village of Hinsdale. The police department will be staffing officers during the months of May-August to conduct specialized educational and enforcement activities that are specifically targeted for improving safety at railroad crossings.

The Hinsdale Police Department continues to monitor and approve overweight and oversized vehicle permits. During the month of April, four overweight permits were approved.

The Hinsdale Police Department conducted one safety seat inspection during the month of April.

Manual on Uniform Traffic Control Devices Warrants

April 2010

The following warrants should be met prior to installation of a **two-way stop sign**:

1. Intersection of a less important road with a main road where application of the normal right-of-way rule would not be expected to provide reasonable compliance with the law;
2. Street entering a through highway or street;
3. Unsignalized intersection in a signalized area; and/or
4. High speeds, restricted view, or crash records indicate a need for control by the STOP sign (defined by 5 or more collisions within a 12-month period).

The following warrants should be met prior to the installation of a **Multiway stop sign**:

1. Where traffic control signals are justified, the multiway stop is an interim measure that can be installed quickly to control traffic while arrangements are being made for the installation of the traffic control signal.
2. A crash problem, as indicated by 5 or more reported crashes in a 12-month period, that is susceptible to correction by a multiway stop installation. Such crashes include right-turn and left-turn collisions as well as right-angle collisions.
3. Minimum volumes:
 - a. The vehicular volume entering the intersection from the major street approaches (total of both approaches) averages at least 300 vehicles per hour for any 8 hours of an average day, and
 - b. The combined vehicular, pedestrian, and bicycle volume entering the intersection from the minor street approaches (total of both approaches) averages at least 200 units per hour for the same 8 hours, with an average delay to minor-street vehicular traffic of at least 30 seconds per vehicle during the highest hour, but
 - c. If the 85th-percentile approach speed of the major-street traffic exceeds 65 km/h or exceeds 40 mph, the minimum vehicular volume warrants are 70 percent of the above values.
4. Where no single criterion is satisfied, but where Criteria 2, 3.a, and 3.b are all satisfied to 80 percent of the minimum values. Criterion 3.c is excluded from this condition.

Option:

Other criteria that may be considered in an engineering study include:

1. The need to control left-turn conflicts;
2. The need to control vehicle/pedestrian conflicts near locations that generate high-pedestrian volumes;
3. Locations where a road user, after stopping, cannot see conflicting traffic and is not able to reasonably safely negotiate the intersection unless conflicting cross traffic is also required to stop; and
4. An intersection of two residential neighborhood collector (through) streets of similar design and operating characteristics where multiway stop control would improve traffic operational characteristics of the intersection.

The following warrants must be met prior to the installation of a **Yield sign**:

1. On a minor road at the entrance to an intersection where it is necessary to assign right-of-way to the major road, but where a stop sign is not necessary at all times, and where the safe approach speed on the minor road exceeds 10 miles per hour;
2. On the entrance ramp to an expressway where an acceleration ramp is not provided;
3. Within an intersection with a divided highway, where a STOP sign is present at the entrance to the first roadway and further control is necessary at the entrance between the two roadways, and where the median width between the acceleration lane; and
4. At an intersection where a special problem exists and where an engineering study indicates the problem to be susceptible to correction by use of the YIELD sign.

Youth Bureau Summary

April 2010

On 4/6/10, officers were dispatched to a residence for a report of a male juvenile stealing money out of his mother's purse. The mother stated that this has happened numerous times and she can no longer deal with it. An officer arrived at the house and spoke with the family. A juvenile officer also contacted the juvenile and explained to him the consequences of theft.

On 4/7/10, two female juveniles were walking past each other in the hallways at Hinsdale Central high school. One of the students stated to the other female, "What the fuck are you looking at bitch?" This started a fight between the two students, and it was finally broken up by a nearby teacher. They were taken down to the dean's office and issued local ordinance citations for fighting.

On 4/8/10, a patrol officer was dispatched to the playground at Zion Lutheran school for a report of juveniles urinating and spreading their own feces on the playground equipment. The officer took both of the juveniles back to the police station and contacted their parents. The boys were required to go back to the playground and wash off the equipment. They also were required to write apology notes to the pastor at the church.

Throughout the month, the SRO at Hinsdale Central High School gave out two citations for unlawful possession of tobacco, one citation for school curfew, and one station adjustment for school curfew.

On 4/14/10, officers were dispatched to a residence for a report of a female juvenile threatening to commit suicide. Upon their arrival, they met with the father and his 15-year-old daughter who was making comments that she wanted to kill herself. The officers were able to convince the juvenile to go to Hinsdale Hospital for an evaluation.

On 4/19/10, the SRO at Hinsdale Central High School was notified that a male juvenile had stolen food from the cafeteria. The male juvenile was a first-time offender and sent to Peer Jury for his punishment.

Re: **Community Development Department Monthly Report-April 2010**

In the month of March, the department issued 109 permits including one new single family home and one demolition permit for a single family home. Revenue for the month came in at just under \$93,000. 493 inspections were done during the month and plan review turnaround is running about three weeks. The department finished the year with total permit revenues of \$810,604; a decrease of approximately 15% from last year. Permit activity was off roughly 14% from last year with a total of 1164 permits issued. The department conducted approximately 3,972 inspections for the year.

The hospital made a formal permit submittal at the end of the month and plan review is underway. There are approximately 69 applications in house including 15 single family homes and 10 commercial alterations. There are 34 permits ready to issue at this time.

The Engineering Division has continued to work with the Building Division in order to complete site inspections, monitor current engineering projects, support efforts to obtain additional state and federal funding, and respond to drainage complaint calls. In total, 192 inspections were performed for the month of April by the division.

We currently have 41 vacant properties on our registry list. The department continues to pursue owners of vacant and blighted properties to either demolish them and restore the lots or come into compliance with the property maintenance code.

AGENDA SECTION NUMBER ZONING & PUBLIC SAFETY	ORIGINATING DEPARTMENT Community Development
ITEM Referral - Case A-09-2010 – Applicant: Village of Hinsdale – Request: Text Amendment to Section 5-110G (Bulk, Space, And Yard Requirements), of the Hinsdale Zoning Code as it relates to existing non-conforming structures in the B-2, Central Business District.	APPROVAL

The Applicant, the Village of Hinsdale, has submitted an application to amend Section 5-110G of the Village of Hinsdale Zoning Code, as it relates to existing non-conforming structures in the B-2 Central Business District, and the allowance for them to be rebuilt to their current standing.

On April 20th, 2010 a text amendment brought forth by Karl Weber, regarding overall building height in the B-2 Business District was approved by the Village Board. Following the approval of this text amendment, concern was expressed and interest shown regarding the ability to maintain the current status of the buildings downtown and their ability to be rebuilt to their current status, regardless of why the structures were being rebuilt or altered. As a result of these concerns the Village Attorney and staff have recommended the following language to provide downtown building owners the ability to alter or rebuild their existing buildings to the same degree that they exist today.

Alteration, Renovation, Repair or Reconstruction of Certain Principal Structures Existing Before April 20, 2010: A principal structure that as of April 20, 2010 exceeds two (2) stories and/or thirty (30) feet in height, as that term is defined under the Code, may be altered, renovated, repaired or reconstructed to the same specifications that existed on April 20, 2010, including but not limited to the height, lot coverage and setback of said structure, notwithstanding the non-conformance of the structure before and after the alteration, renovation, repair or reconstruction; provided, however, the protection afforded by this paragraph shall no longer apply to any such structure that is brought into conformance after April 20, 2010.

MOTION: Move to recommend that the application be referred to the Plan Commission for review and consideration of a Text Amendment to Section 5-110G, as it relates to existing non-conforming structures in the B-2, Central Business District.

REVIEW CRITERIA

Section 11-601 of the Hinsdale Zoning Code regulates Amendments. The amendment process established is intended to provide a means for making changes in the text of the Zoning Code and in the zoning map that have more or less general significance or application. It is not intended to relieve particular hardships nor to confer special privileges or rights. Rather, it is intended as a tool to adjust the provisions of the Zoning Code and the zoning map in light of changing, newly discovered, or newly important conditions, situations, or knowledge. The wisdom of amending the text of the Zoning Code is a matter committed to the sound legislative discretion of the Board of Trustees and is not dictated by any set standard. However, in determining whether a proposed amendment should be granted or denied the Board of Trustees should be guided by the principle that its power to amend this Code is not an arbitrary one but one that may be exercised only when the public good demands or requires the amendment to be made. In considering whether that principle is satisfied in any particular case, the Board of Trustees should weigh, among other factors, the below criteria.

Below are the 14 standards for amendments that will be the criteria used by the Plan Commission and Board of Trustees in determining the merits of this application. Please respond to each standard as it relates to the application. Please use an additional sheet of paper to respond to questions if needed. If the standard is not applicable, please mark N/A.

1. The consistency of the proposed amendment with the purpose of this Code.
The proposed text amendment would allow the current structures in the downtown to rebuild to the exact same state that they exist today.
2. The existing uses and zoning classifications for properties in the vicinity of the subject property.
The proposed text amendment would only affect the B-2 District

3. The trend of development in the vicinity of the subject property, including changes, if any, such trend since the subject property was placed in its present zoning classification.

Recent text amendment approved to reduce overall building height to 30' or two stories

4. The extent, if any, to which the value of the subject property is diminished by the existing zoning classification applicable to it. Allowing the structures to rebuild to their current state should not

diminish the value of the properties.

5. The extent to which any such diminution in value is offset by an increase in the public health, safety, and welfare. N/A

6. The extent, if any, to which the use and enjoyment of adjacent properties would be affected by the proposed amendment. The proposed text amendment would provide the building owners in

the B-2 District to maintain the existing character of the downtown as it currently exists.

7. The extent, if any, to which the value of adjacent properties would be affected by the proposed amendment. The proposed text amendment should not affect the value of adjacent properties

and should help to preserve them.

8. The extent, if any, to which the future orderly development of adjacent properties would be affected by the proposed amendment. Future development should not be affected by the

proposed amendment.

9. The suitability of the subject property for uses permitted or permissible under its present zoning classification. N/A

10. The availability of adequate ingress to and egress from the subject property and the extent to which traffic conditions in the immediate vicinity of the subject property would be affected by the proposed amendment. N/A

11. The availability of adequate utilities and essential public services to the subject property to accommodate the uses permitted or permissible under the present zoning classification.

N/A

12. The length of time, if any, that the subject property has been vacant, considered in the context of the pace of development in the vicinity of the subject property. N/A

13. The community need for the proposed amendment and for the uses and development it would allow. The proposed text amendment would provide the opportunity to maintain the current conditions of the existing downtown.

14. The reasons, where relevant, why the subject property should be established as part of an overlay district and the positive and negative effects such establishment could be expected to have on persons residing in the area. N/A

ITEM Closure of Chicago Avenue from Garfield to Washington beginning at 10 a.m. on Friday, June 11th	APPROVAL Timothy J. Scott, AICP Comm. Dev. Strategist

Produced by the Hinsdale Chamber of Commerce and the Hinsdale Center for the Arts, the 37th Annual Hinsdale Fine Arts Festival is scheduled to be held on Saturday, June 12th and Sunday, June 13th.

To safely accommodate the event's approximately 150 artists and vendors and minimize disruption to the surrounding area, the Chamber is requesting that Chicago Avenue (from Garfield to Washington) be closed beginning at 10 a.m. on Friday, June 11th rather than the Chamber's original request of 6 p.m. (historically when street closure begins).

For your reference, attached is a letter from Jan Anderson of the Hinsdale Chamber of Commerce and Tom DeWalle of the Hinsdale Center for the Arts.

Should the Board of Trustees support the earlier street closure time of 10 a.m. for the 37th Annual Fine Arts Festival, the following motion would be appropriate.

MOTION: To approve the closure of Chicago Avenue from Garfield to Washington beginning at 10 a.m. on Friday, June 11th

Thomas Cauley, Jr.; Village President
19 E Chicago Ave
Hinsdale, IL 60521

Dear President Cauley and Board of Trustees,

The Hinsdale Chamber of Commerce wishes to make a revision to the Hinsdale Fine Arts Festival special event request submitted earlier this year. In regards to the Friday, June 11th street closing time, we are asking the Village to consider closing Chicago Avenue (between Washington Street & Garfield Street) at 10:00 a.m. rather than the original 6:00 p.m. request.

In years past, the Village has allowed participating artists and vendors to set up in Burlington Park after 3:00 p.m. with a 6:00 p.m. street closing time. This arrangement has caused additional traffic congestion, frustration, and confusion surrounding the park during those limited hours. It is the Chamber's intention to eliminate this friction by allowing the 150 artists and vendors access to the park at 10:00 a.m. on Friday morning in order to set up their exhibits and displays for the weekend festival.

Thank you for your consideration of this revised request.

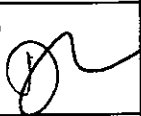

Respectfully Submitted,

Jan Anderson; Hinsdale Chamber of Commerce

RE: 26 E. First Street, Hinsdale; Extension of Temporary Use

Dear Mr. Cook,

On March 23, 2010, following a Zoning and Public Safety Committee meeting, the Hinsdale Village Board approved a recommendation for temporary use by Good Earth Greenhouse for a garden center at the above-referenced site. The temporary use concludes on July 15, 2010.

After commencing retail sales at the site, I made electronic communication with yourself, and other village personnel, inquiring on the procedure to extend the term of use in order to retail mums, ornamentals and pumpkins into the Autumn season. You advised me, in an electronic communication, to make a written request to you.

This letter is a formal request seeking an extension of temporary use on the subject site until October 31, 2010, in order to engage in seasonal retail sales.

Please advise me if you might act favorably on this request, so that I may extend the existing leasehold and the policy of liability insurance on the same.

Thank you for your consideration.

AGENDA SECTION Zoning & Public Safety		ORIGINATING DEPARTMENT Police Department		
ITEM Replacement of Handheld Parking Computers		APPROVAL Chief Bradley Bloom		
<p>The Police Department is requesting permission to purchase six (6) replacement handheld parking computers for a total cost of \$29,781.</p> <p>The current handheld units are approximately 3.5 years old and are no longer supported with maintenance and replacement parts will soon be unavailable. Additionally, the rechargeable batteries need replacing.</p> <p>The parking computers are used by all police personnel to issue parking tickets. The units are interfaced with the proprietary T2 parking ticket software program. The handheld parking computers are used to track scofflaws and are programmed to issue a warning ticket for first time parking meter violators. The handheld units also have the ability to photograph a violation that if challenged can be recalled and used in court. Parking data is automatically downloaded into the T2 parking system.</p> <p>We issue approximately 200 parking citations a day. Not replacing the units will require us to purchase paper parking tickets. The five part carbonized form is cost approximately \$18,000 to \$20,000 annually. Additionally the tickets will have to be manually inputted and we will lose our ability to track scofflaw violators and issue warning tickets for first time violators.</p> <p>We are also requesting waiving the formal competitive bidding process due to the propriety nature of the purchase. If we purchased the parking units separately we would be responsible for loading and configuring the handheld units. Additionally, T2 would not offer support or maintenance of the units.</p> <p>We have budgeted \$30,000 in the FY 10/11 capital budget.</p> <p>If the Board concurs with this recommendation, the following motion is appropriate:</p> <p>Motion: To waive the competitive bidding process and approve the purchase of six (6) hand held parking computers from T2 Systems for \$29,781.</p>

ITEM Resolution Approving Release of Sewer or Ditch Grant.	APPROVAL Dan Deeter Village Engineer

In 1894, the Village of Hinsdale was granted rights to maintain a sewer and/or sewer outlet on a portion of property that is now east of the Tri-State Tollway in Western Springs. Since the construction of the Tollway, the furthest east that Village sewers can discharge is the Tri-State property line. The staff recommends that the Village release the sewer or ditch grant recorded November 21, 1894 as Document 2136267 in Cook County, Illinois.
