

Monthly Outstanding Service Employee

July 2017

Shawn Stumpe, Central Maintenance Supervisor, was chosen to receive the July 2017 Outstanding Employee Service Award for continually providing high quality service and support to the Departments. Each employee working in Central Maintenance is friendly and aware of what occurs in Central Maintenance and in the fleet. This can only be possible with a strong effective leader inside the main office who remembers what is important outside that office. Mr. Stumpe's leadership and contributions by Central Maintenance employees is recognized.

Mr. Stumpe is on call after hours for vehicle breakdowns, ensuring vehicles are maintained in operating order so that departments can continue to provide the direct services required of them.

Thank you, Shawn, for your significant contributions to the overall quality of the City!

*Congratulations on being named the City of Jefferson's
Outstanding Service Employee for July 2017!*
