

**JEFFERSON COUNTY SMOKE FREE AIR ACT**  
**(Ordinance No. 2003-06)**

1. INTRODUCTION.

(a) This ordinance shall be known as the “**Jefferson County Smoke Free Air Act.**” [am. 09-11-07, Ord. 2007-10]

(b) The smoking of tobacco products and other substances indoors causes recognized adverse health effects on not only the individuals smoking but also on others. Smoking indoors or near public entrances adversely affects among other things, health, safety, comfort, employee production and building maintenance expenses. [am. 09-11-07, Ord. 2007-10]

(c) While it is difficult to quantify exactly, smoking indoors also drives up publicly funded expenses in terms of increased health insurance premiums, increased sick leave use, increased building maintenance and decreased employee productivity. In addition, there is a public interest of taxpayers in an investment in county employees by paying their health insurance, and a need to maintain employee health to keep county costs from rising.

2. PURPOSE, AUTHORITY AND INTENT.

(a) Reports from the Surgeon General, the Environmental Protection Agency and others show that smoking contributes to health problems of county employees and members of the public both directly through deliberate use of smoking materials and indirectly through exposure to second hand smoke. This ordinance is enacted to protect the health and comfort of the public and county employees through the regulation of smoking, according to the authority granted this County by Sec. 101.123 (2)(c), Stats. (The Wisconsin Clean Indoor Act) and Chapter 59, Statutes. [am. 09-11-07, Ord. 2007-10]

3. DEFINITION.

(a) “Smoking” shall mean inhaling, exhaling, burning or carrying any lighted or heated cigar, cigarette, pipe, or any other lighted or heated tobacco or plant product intended for inhalation, including hookahs and marijuana, whether natural or synthetic, in any manner or in any form. “Smoking” shall include the use of an electronic delivery device which creates an aerosol or vapor, in any manner or in any form, or the use of any oral smoking device for the purpose of circumventing the prohibition of smoking.

(b) “E-Cigarette or Electronic Delivery Device” shall mean any product containing or delivering nicotine or any other substance intended for human consumption that may be used by a person to simulate smoking through inhalation of vapor or aerosol from the product. “Electronic Delivery Device” shall include any such device, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, e-hookah, or vape pen, or under any other product name or descriptor.
