- The fifth and final CDBG grant from Louisville Metro Government was executed on 9/27/2021. Funds in the amount of \$3.125M will be used for roadway and utility infrastructure design and construction in support of utility main upgrades and new service connections for Phase V of the development, terminating any new utility work at the right-of-way (ROW) line. The work will include measures to control erosion, grading of the ROW and replacement/implantation of storm sewer systems on West Liberty Street, Fisk Street, 12th Street and 13th Street. This work includes the widening and resurfacing of the City of Louisville street system and including improvements consistent with "Complete Streets" design, including provisions for multi-modal travel, improved pavement striping and signage, improved street lighting, tree pits providing stormwater quality improvement, and other landscaping/streetscape features such as benches, bike racks, etc.

MBS, LMHA and our financial consultant held a meeting with the Kentucky Housing Corporation (KHC) on October 7th to discuss our application for 9% low-income housing tax credits (LIHTC) for Phase V from KHC's Innovation pool. Announcements for this competitive round of LIHTCs are anticipated in February 2022.

13th and Muhammad Ali Site and Baxter Community Center
