A resolution granting approval to move forward with amenities was approved by LMHA's Board of Commissioners during their April 2022 meeting and a resolution requesting approval to enter into an Intergovernmental Agreement (IGA) with LMG was approved at the May 2022 Board meeting. The IGA authorizes LMG to provide the services needed to implement, operate, and maintain these two Beecher Terrace recreational amenities, including entering into a contractual agreement with their consultant to develop construction documents for the Park.

Staff submitted a grant application for American Rescue Plan (ARP) funding in January 2022 for these two initiatives. LMHA received word in April that our application was recommended for approval, and Louisville Metro Council passed a \$6 million resolution on June 9, 2022. Historic Quinn Chapel (Underway):

LMG, which is leading this project, received an initial grant of \$450,000 and an additional \$500,000 grant from the National Park Service (NPS) for stabilization work. Buckeye Construction and Restoration, who completed the Phase I stabilization, will be conducting the Phase II stabilization work, which will utilize the remaining CCI funds and the Phase II NPS grant. NPS has given Notice to Proceed on Phase II, and work is to be completed in 2022. LMG also received word in May that they were awarded an additional \$500,000 grant from the NPS. These funds will be used for a third phase of stabilization work.

18th Street Corridor CCI Project (Planning):

- CCI funds in the amount of \$1,236,250 will be used to implement block-by-block improvements along the 18th Street Corridor and nearby blocks, including owner-occupied rehab, rental rehab, vacant lot acquisition and rehab for commercial use. LMG is the project lead for these initiatives.

LMG's Louisville Forward team is working with OneWest on the rehab of shotgun houses at 516, 518, and 520 S. 18th Street, and on the stabilization and rehabilitation of two commercial buildings at 1731 W. Broadway and 526 S. 18th Street. Environmental reviews have been completed for the two commercial properties. HUD approved the Request for Release of Funding for the commercial properties in January 2022. LMG staff will also be making streetscape improvements along 18th Street between Muhammad Ali Blvd. and Madison Street as part of this CCI project. An area-wide environmental review is currently underway for the streetscape improvements project, which is expected to be advertised for bid in Summer 2022.

LMHA and LMG are developing proposals for two additional 18th Street CCI initiatives: (1) Streetscape Improvements

The Village @ West Jefferson (Complete):

- Molo Village CDC's 30,000 commercial/retail building across from the Beecher Terrace remains 100% leased.

Forty and One is currently renovating their suite on the first floor of the building to become a full service coffee shop, which is anticipated to open this summer.

The Village @ West Jefferson tenants, including the Choice Neighborhoods team, have been asked if participants in Molo's SummerWorks youth employment program may shadow them for a week sometime during June or July.

LCCC Business Plaza (Complete):

- Approximately 93% of the retail and office space in the Louisville Central Community Center's (LCCC) Business Plaza within their Old Walnut Street campus is leased. Current businesses in operation and tenants are: Rhinox Research, IM Construction Cleaning, Phoebe Academy, Eternal Real Estate Services LimitLess LLC, Garden Girl Foods, and Kentucky State University. Garden Girl Foods is serving lunch daily, creating a new dining option in the Russell neighborhood. LCCC recently converted one of the suites into a shared community workspace. New tenants include the Louisville Association for Community Economics (LACE), and Eternal Real Estate Services. Volunteers of America is in the process of finalizing a lease agreement for three suites in the Business Plaza.

Smart City Framework (Planning):

<p>GOAL 4 Expand resident programs at economic empowerment, community building and crime prevention (cont'd)</p>	<p>by LMG Department of Information Technology. Approximately 30 Wi-Fi hotspots will be installed in the neighborhood. LMG issued an RFP for the Public Wi-Fi network in April 2020, a vendor was chosen, and hardware installation was completed in January 2021. However, the chosen vendor was unable to complete the final phase of the project causing LMG to terminate the contract due to nonperformance. LMG chose a new vendor, <u>and the project was completed in late May 2022.
