Team Leader Report

30 March 2023

Operations

For 2023 the team has received the following requests for service:

<u>Incident Type</u>	<u>Count</u>
Unknown liquid in a creek	1
	<hr/>
	1 Total

No injuries were reported. No vehicles were damaged.

The team has 20 members on the MABAS CIMS 3.0 roster. We are receiving support from MABAS.

Equipment

We continue to receive the STARRS and MABAS sustainment supplies.

Two MABAS radiation detectors were sent for maintenance and calibration as part of the MABAS support program.

Both trucks need maintenance servicing: fluid, filters, etc.

5350 is in need of tire replacement due to age at 17 years. Waiting for estimates to come in.

SCBAs were flow tested and batteries changed. No issues found.

Training

Schedule was distributed to the team.

Event	Location	Time	Description
Chlorine Drill	Silver Lake Park Highland	<i>April 24th</i> 0900-1200	Chlorine release training with the Highland Water Department

BioWatch Sampling Course	SCSES	May 30th	FBI/DHS sampling course
Grounding/Bonding Cold Tapping, Hydrocarbons	EMA Garage Wood River	Month of June - TBD	G&B, Vessel drilling and offloading. Review of OTR Hydrocarbon transport
Leak Mitigations exercise	EMA Garage Wood River	Month of July - TBD	Level A dress out, liquid/vapor leak mitigation techniques.
Railroad Emergency response course	Alton, IL.	August 29-31st	"Railroad 101" course
Lithium-Ion Battery Course	Lewis & Clark Community College	Fall 2023	Hazard 3 Li Ion emergencies course (8 hours)

Outreach

Letter was sent to member departments with the invoices for the annual dues. There have been no requests for outreach from those letters.

Jeremy Paschall
Haz Mat Team Leader
