Public Health Administrator Report: Novel Coronavirus 2019 (Covid-19) Update –Currently we have 334 confirmed cases and 21 deaths in Madison County. Current updates are available on our social media pages and website: www.madisonchd.org. Gave a tutorial of the COVID-19 Dashboard that gives real-time data and numbers. Links to the dashboard can be found on the Madison County Home page and Madison County Health Department page.

Currently we have two long term facilities with outbreaks. That information is on the IDPH website that is updated every Friday.

Testing Sites – Southern Illinois Healthcare Foundation currently has 2 sites in Madison County. 2166 Madison Ave., Granite City, IL; and 230 Old St. Louis Road, Wood River, IL. Must first call for screening at 618-646-2596, Monday-Friday 8:30 am – 4:00 pm. Other testing options are posted under the Resource tab on the Madison County Health Department website.

State of Illinois has expanded the criteria for testing and will be standing up a statewide testing center in St. Clair County.

Public Comment: Food service inspections and monthly fees. Ray Wesley requested that Toni develop a draft plan for committee consideration to modify food service permit renewal process due to COVID-19 mandated closures. Permit renewals notices have not gone out for permits expiring up thru May 2020 thus far. There needs to be consideration of waiving late fees and/or extending permit terms.
