

Free Meter Program

Helping you manage your diabetes

Diabetes may harm your eyes, kidneys, nerves, heart and blood vessels. The impact can be long-term. Regular blood sugar testing can help you manage your diabetes and may lead to better glucose control.

Take Advantage of This Great Offer

To help you monitor blood sugar levels, your pharmacy benefit plan may have the Free Meter Program. With this program, you may be able to get a blood sugar meter at no charge to you. You and your doctor can choose from selected brands of meters. For more details, call customer service at the phone number on your benefit ID card, or you can also call the meter manufacturers.

How to Get Your Free Meter

- 1** Select the monitor that will work best for you after discussing the decision with your doctor.
- 2** Call the manufacturer as noted below, or visit their website.
- 3** Provide name, shipping address and participating member number that's displayed on the letter received from UnitedHealthcare. If you have not received a letter with a participation number you can receive a free meter by simply providing your UnitedHealthcare member number.
- 4** The monitor will arrive by mail 10-14 days after placing the order. In some cases, you may receive a voucher redeemable for a no-cost meter at a retail pharmacy in 5-7 days.

Don't delay. Talk with your doctor about choosing the appropriate brand-name meter for you.

UnitedHealthcare members are eligible for a free blood glucose monitor that accepts UnitedHealthcare Tier 1 test strips.

OneTouch®

Monitor	Test Strips	Order
 OneTouch® UltraMini® Meter	OneTouch® Ultra® Test Strips	Call the Service Center at 1-888-768-5477 or visit the website at www.OneTouch.orderpoints.com . Order Code: 426UHC001
