

May 16, 2019

A special meeting of the McBain TIFA Board was held on Thursday, May 16, 2019. The meeting was called to order by Chairman Bronkema at 5:04pm. Present were: Baas, Bronkema, Elenbaas, Gilde, Dykhous, Johnston, Noordhoek, Smith, and Tossey.

Chairman Bronkema brought us up to date on the new gas station being built on the corner of M-66. We are doing the sidewalk and streetlights on the south and west sides of the corner. The firm of Fleis & VandenBrink put the sidewalk portion of the project out for bids. Pete's Contracting has submitted a bid for \$13,870.00.

Motion by Dykhous, supported by Elenbaas, to accept the bid from Pete's Contracting for \$13,870.00 to do the sidewalks by the corner of the new gas station. Motion passed.

Chairman Bronkema informed us that we have a court decision on the Action Tool Building. Phil from Challenger Automation has until June 1 to vacate the building. If he is not out by June 8 the authorities will come and move his possessions out.

Chairman Bronkema adjourned the meeting at 5:19pm.

Sharon Noordhoek, Secretary
