

The Merrillville Rain Barrel Program has concluded for 2015. We thank all residents and non-residents who participated in this year's program!

UpCycle Products, the company that Merrillville uses for its rain barrel program, still offers rain barrels for sale to anyone living in Lake, Porter and LaPorte Counties in Northwest Indiana. They are 55-gallon rain barrels made from recycled food grade barrels and are available in gray, terra cotta, blue and black. You can order online at www.upcycle-products.com; on the right-hand side of their home page is the section for order forms, and you click on the tab titled "**Northwest Indiana Order Form**". The cost is **\$61.50**, which includes a \$2.50 online credit card handling fee, and the rain barrel will be **delivered to your home**. For further information, please call UpCycle Products directly at (815) 735-9583. The Town of Merrillville is not involved in this program; however, residents may still order a rain barrel through the same company we used for our program.
