

*Does your company use bulldozers? Operate graders?  
Run excavators & loaders? Disturb land?*

*Then you need to attend the:*

**LAKE/PORTER COUNTY CONTRACTOR'S WORKSHOP  
FOR STORMWATER PROTECTION**

**Wednesday, April 24, 2013  
8:00 a.m. until 10:30 a.m.**

**Location: The Town of Dyer's Plum Creek Center**  
(behind Dyer Town Hall via pedestrian bridge from Elmer Miller Park, 222 Schulte St.)

**Workshop Topics:**

- Background: Importance of construction site stormwater protection
- Enforcement examples: Yes, Contractors can & have been fined!
- Basic types of Best Management Practices (BMPs)
- Discussion of BMP installation techniques
- Weekly monitoring: Yes, DOCUMENTED WEEKLY SITE INSPECTIONS
- Completion of BMP repairs DURING CONSTRUCTION
- Long-term maintenance of stormwater protection measures

**After the Workshop:**

- Optional 'Question & Answer' Session with MS4 Staff
- Optional Field Trip to local Construction Site

**All Workshop Attendees will Receive:**

- ✓ Summary of Local MS4 Ordinances that apply to Construction Contractors
- ✓ Summary of Local MS4 Forms that Construction Contractors should be using

**NO COST TO ATTEND!**

RSVP to: Lake County Surveyor's Office  
(219) 755-3753

At the Contractor's Workshop, you will learn of a CONSISTENT approach amongst Lake and Porter County MS4s to protect our local stormwater.

Sponsored by:  
Lake and Porter County MS4 Entities; and the Northwest Indiana Stormwater Advisory Group (NISWAG).

(For map and agenda, see other side.)

Directions to:

**PLUM CREEK CENTER via ELMER MILLER PARK**

- **Schulte Street** is located immediately south of U.S. Hwy. 30, off of Hart Street.
- From **Hart Street**, proceed east on **Schulte Street**.
- **Schulte Street** 'dead ends' into the parking lot for the Town of Dyer's **ELMER MILLER PARK**.
- From the parking lot, signs will direct you to the pedestrian bridge that will lead you by foot to the **PLUM CREEK CENTER** and the Contractor's Workshop.
