

NOTICE TO NEW LONDON WATER CUSTOMERS

The New London Water Department will be flushing water mains **SEPTEMBER 25, 2023 THROUGH SEPTEMBER 28, 2023**. The flushing will be done during the hours from 6:00 AM to 6:00 PM. This main flushing will remove most of the natural minerals such as iron that are harmless but will discolor the water. If you see the men working in your area, use as little or, if possible, no water for 1 to 2 hours to insure that the water has settled down and that the discoloration is not drawn into your water system.

Should you find discoloration in your water system, again stop using water, wait 1 to 2 hours, then draw off the discolored water through the **COLD** water only.

Your help and cooperation in this program will benefit all water customers.
