Register for Notification

You will need:

- 12 digit CCAP case number
- County that issued the TRO
- Respondent's FIRST and LAST name

Either online or using your telephone keypad, enter the FULL CCAP case number, the respondent's FIRST and LAST name and the COUNTY of the case. The CCAP case number will be the year, followed by the letters CV or FA, and then six numbers. For example: 2016CV000065.

You can receive notification via phone and/or email. If you select to receive notification by phone, you will be asked to choose a 4-digit PIN (Personal Identification Number) when you register. Choose a number that is easy for you to remember but hard for someone else to guess.

Notification calls will display the phone number 502-213-2798. When the notification call comes, you MUST enter your PIN before you can listen to the notification.

If you do NOT enter your PIN, the system will call you again in two hours. You MUST enter your 4-digit PIN to hear the notification message.

Firearm Restriction

If an injunction is issued at your hearing, it may have a firearm restriction. If it does, you will be notified when the respondent surrenders any firearms to local law enforcement. The respondent may be able to surrender firearms to a third party, in which case you may not be notified. Please be aware that not all orders have a firearm restriction.

Important Safety Reminder

Do not rely solely on VPO for your safety. If you feel you may be at risk, contact your local law enforcement agency to report concerns and/or victim service agency for assistance with safety planning.
